GCS Military Opt-Out Request

The federal No Child Left Behind (NCLB) legislation requires that school districts provide military recruiters with secondary school student names and home contact information for recruitment purposes. The legislation also provides parents the option of requesting that a student's name, address and telephone number not be shared with military recruiters.

Parents and students who choose this option should inform the school in writing within *30 days of the start of school* each year that information on their student(s) should not be given to military recruiters.

Note: If a parent/guardian or eligible student waits until after this time period has elapsed, Guilford County Schools will honor your request for *future* disclosures.

No consent: I do **NOT** consent to making my student's name, address or telephone number available to a representative of the military for recruitment purposes (by providing information below, your child's name and contact information will not be provided to military recruiters).

*(Please **print** the information below. Information requested is for verification purposes only to ensure that the appropriate student is being removed from the contact list).*
