

GUILFORD COUNTY SCHOOLS

Descriptor Term: PLANNING TIME		Descriptor Code: IM	
Presented to Board: First Reading:	Adopted by Board:	Revised by Board:	

The Guilford County Board of Education recognizes the value of instructional planning time for teachers. Decisions about how to provide planning time and what resources are available to facilitate instruction of students during planning time are best made at the school level. Therefore, each school improvement team is directed to annually develop a plan to provide teachers with planning time within the instructional day where practical.
