

Services Provided by GCS Psychologists Include:

- Administering psychological and educational tests (a regular evaluation takes a total of 12 -15 hours of work from start to finish and complicated referrals can take as much as 16-20 hours per student).
- Performing observations and interviews, in order to determine a student's strengths and educational, social, behavioral and/or developmental needs;
- Interpreting assessment results;
- Obtaining, integrating, and interpreting information about a child's behavior and environmental conditions related to learning and development;
- Consulting with parents, teachers, and other school personnel in planning programs and services to meet the needs of children including, including but not limited to placement, effective learning/teaching strategies, and personal and social skills;
- Planning and managing a program of psychological services including psychological counseling for children and parents;
- Referring children and families to community agencies and services when appropriate;
- Screening and early identification of children with

disabilities;

- Developing strategies for the prevention of learning and behavior problems; and
- Assisting in developing positive behavioral strategies
