

Dear Oak Ridge Parents and Staff:

Work has begun on the re-commissioning of the Heating, Ventilation and Air Conditioning (HVAC) system at Oak Ridge Elementary School. We still don't have a timeline for when we will be able to move back in to the Oak Ridge facility. We hope to know more as we continue the work on the HVAC system.

We are continuing to work with Turner Group and other outside firms to complete the remediation efforts on the items identified by NIOSH. For a progress update that outlines the projects taking place, the completion date for each item and the project status, click on the following link: <http://www.gcsnc.com/oakridge/progress-update11-10-09.pdf>. Staff members presented this information to the Guilford County Board of Education Tuesday night.

Also, the Oak Ridge facilities site has been updated. All of the original content is still there; it has just been re-organized in hopes of making the site more user-friendly. We organized the content into the following categories:

- [Overview](#)
- [News & Updates](#)
- [FAQs](#)
- [Oak Ridge Committees](#)
- [Data & Information](#)
- [Report Findings](#)
- [Resources for Parents](#)
- [Resources for Employees](#)
- [Links](#)

If you have any questions, please feel free to send an e-mail to oakridgefeedback@gcsnc.com. As always, thank you for your continued support of Oak Ridge!
