

Discover Education *streaming*™

Every Guilford County Schools teacher can have his/her own *streaming*™ account.

To log in:

Use the URL <http://streaming.discoveryeducation.com>

If you have had a username and password created for you by your department head or if you have already created your own account, enter the information in the Existing User section and click Go.

If you forget your username, your department head can get that information for you. If you forget your password, you can have it emailed to your GCS email account.

If you have not established an account or had one created for you, you will need to use your school's eight-character passcode and click on Go. You can get this passcode from your school's department head which is usually your media specialist or technology contact. Do not click on "Sign-up for a Free 30-day trial!" There are some limitations to the trial and after the 30 days, anything you saved will be lost and you will have to establish another account. Your account created

with the passcode will not expire.

Important Notice

Discovery Education streaming videos are available to Guilford County Schools teachers for educational purposes. GCS teachers/personnel are required to adhere to copyright regulations when using this resource. Unauthorized use of these materials violates copyright laws and the perpetrator can be prosecuted. Be sure to read the Terms of Use at the bottom of the Discovery Education website.
