### SCHOOL NUTRITION SERVICES

The Healthy, Hunger-Free Kids Act (HHFKA) of 2010 updated the requirements for the National School Lunch Program and School Breakfast Program. School Nutrition Services provides meals that offer whole grains, a variety of fruits and vegetables and lean proteins. ONLINE PREPAYMENT
The School Nutrition Department’s online pre-payment system can be found at www.k12paymentcenter.com. Parents and guardians can access this site to make payments to their child’s account and verify balances. A $1.95 fee is applied to each transaction.

MEAL CHARGE POLICY
In 2012, the Guilford County Schools Board of Education adopted a new meal charge policy. The policy in summary includes the following:

1. Students in elementary and middle schools have a meal charge limit of $19.25.
2. If a student’s balance exceeds $19.25, Connect-Ed calls are made to inform parents that their child’s account has exceeded the limit and that their child will receive an alternative meal for lunch of up to four fruits and vegetables, a roll and water until such time as the debt is paid.
3. Charge letters are sent home with students on a weekly basis.
4. Letters are mailed to parents if their child’s account has exceeded the $19.25 limit.
5. High school students are not permitted to charge meals.

NATIONAL SCHOOL LUNCH AND SCHOOL BREAKFAST PROGRAM
GCS School Nutrition continues to lead the way by providing the highest quality meals to our students every day. With the adoption of the 2010 Healthy Hunger-free Kids Act, the USDA has challenged school nutrition programs to raise the bar on nutrition. GCS School Nutrition continues to exceed the parameters set forth by the USDA. Students will see more fruit options at breakfast, along with yogurt and other healthy, nutritious entrees geared for kids on the go. GCS School Nutrition also makes every effort to accommodate students who need special dietary modifications for food allergies, diabetes and textural modifications.

SELECTED PROCEDURES AND ADOPTED POLICIES

PROHIBITION AGAINST DISCRIMINATION, HARASSMENT, AND BULLYING (1710/4021/7230)
The Guilford County Board of Education (the “Board”) acknowledges the dignity and worth of all students and employees and strives to create a safe, positive and caring learning and working environment that facilitates student achievement. It is the policy of the Board to maintain an environment that is free from discrimination, harassment, and bullying in all of its educational programs and employment activities. This includes, but is not limited to discrimination, harassment, and bullying based on an individual’s real or perceived race, color, creed, political belief, ancestry, national origin, religion, linguistic and language differences, sex, gender, sexual orientation, gender identity/expression, socioeconomic status, academic status, height, weight, physical characteristics, pregnancy, marital status, parental status, disability, or age.

The Board strictly prohibits and will not tolerate or condone discrimination, harassment, or bullying based upon any of those differences. The board similarly prohibits discrimination, harassment, and bullying, based on a student or employee’s association with others. The Board will provide equal access to designated youth groups as required by law.

A. PROHIBITED BEHAVIORS AND CONSEQUENCES
1. Discrimination, Harassment, and Bullying
   Students, school system employees and board members (“employees”), volunteers, and visitors are expected to behave in a civil and respectful manner. It shall be a violation of this policy for any student, school system employee, volunteer, or visitor to harass, bully, or discriminate against any person based upon any of the differences listed above or upon any other characteristic or feature that becomes the focus of unwanted and unwelcome behavior as described below. It shall also be a violation of this policy for any school employee to tolerate such harassment, bullying, or discrimination of any person by a student or school employee, or by any third parties subject to the supervision and control of the Guilford County Schools.
   Any violation of this policy is serious and school officials shall promptly take appropriate action.
a. Disciplinary Consequences for Students
Students will be disciplined in accordance with the school's student behavior management plan (see policy 4302, School Plan for Management of Student Behavior). Based on the nature and severity of the offense and the circumstances surrounding the incident, the student will be subject to appropriate consequences and remedial actions ranging from positive behavioral interventions up to, and including, reassignment or expulsion. Incidents of misbehavior that do not rise to the level of discrimination, harassment, or bullying may violate acceptable standards of student behavior, including but not limited to the expectation that students will demonstrate civility and integrity in their interactions with others. See policy 4310, Integrity and Civility. The consequences for such behavior will be consistent with applicable board policy and the Student Code of Conduct. This policy shall not be construed to allow school officials to punish student expression or speech based on undifferentiated fear or apprehension of a disturbance or out of a desire to avoid the discomfort and unpleasantness that may accompany an unpopular viewpoint.

b. Disciplinary Consequences for Employees
Employees who violate this policy will be subject to disciplinary action, up to, and including, dismissal. Nothing in this policy shall preclude the school system from taking disciplinary action against an employee when the evidence does not establish discrimination, harassment, or bullying, but the conduct otherwise violates board policy or expected standards of employee behavior.

c. Consequences for Others
Board members who violate this policy will be subject to any process established by the Board or law for addressing board member violations. Volunteers and visitors who violate this policy will be directed to leave school property and/or reported to law enforcement, as appropriate, in accordance with policy 5020, Visitors to the Schools. A third party under the supervision and control of the school system will be subject to termination of contracts/agreements and suspension from school property or other disciplinary action.

3. Other Responses
When considering if a response beyond the individual level is appropriate, school administrators should consider the nature and severity of the misconduct to determine whether a classroom, school-wide, or school system-wide response is necessary. Such classroom, school-wide, or school system-wide responses may include staff training, harassment and bullying prevention programs, and other measures deemed appropriate by the Superintendent to address the behavior. The actions taken in response to discrimination, harassment or bullying behavior shall be reasonably calculated to end the behavior, eliminate a hostile environment if one has been created, and prevent recurrence of the behavior.

4. Retaliation
The Board prohibits reprisal, harassment, or retaliation against any person for reporting or intending to report violations of this policy, supporting someone for reporting or intending to report a violation of this policy, or participating in the investigation of reported violations of this policy. After consideration of the nature and circumstances of the reprisal or retaliation and in accordance with applicable federal, state or local laws, policies, and regulations, the Superintendent or designee shall determine the consequences and remedial action for a person found to have engaged in reprisal or retaliation.

B. APPLICATION OF POLICY
This policy prohibits discrimination, harassment, and bullying by students, employees, volunteers, and visitors. “Visitors” includes persons, agencies, vendors, contractors, and organizations doing business with or performing services for the school system.

This policy applies to behavior that takes place:
1. in any school building or on any school premises before, during, or after school hours;
2. on any bus or other vehicle as part of any school activity;
3. at any bus stop;
4. during any school-sponsored activity or extracurricular activity;
5. at any time or place when the individual is subject to the authority of school personnel; and
6. at any time or place when the behavior has a direct and immediate effect on maintaining order and discipline in the schools.

C. DEFINITIONS
For purposes of this policy, the following definitions apply:

1. Discrimination
2. Discrimination for purposes of this policy means any act or failure to act, whether intentional or unintentional, that unreasonably and unfavorably differentiates treatment of others based solely on their membership in a socially distinct group or category or on a personal characteristic listed in the opening paragraph of this policy. Harassment and Bullying

a. Harassment or bullying behavior is conduct intended to intimidate, discredit, injure, or disturb another person or a group of persons. Such conduct violates this policy when any pattern of gestures or written, electronic, or verbal communications, or any physical act or any threatening communication:
   1) places a student or school employee in actual and reasonable fear of harm to his or her person or damage to his or her property; or
   2) creates or is certain to create a hostile environment by substantially interfering with or impairing a student’s educational performance,
The board prohibits sexual harassment. Unwanted, unwelcome, and uninvited sexual advances, requests for sexual favors, and other verbal or physical conduct or communication of a sexual nature constitute sexual harassment when:

1) submission to the conduct is made, either explicitly or implicitly, a term or condition of an individual’s employment, academic progress, or completion of a school-related activity;

2) submission to or rejection of such conduct is used as the basis for employment decisions affecting the individual, or in the case of a student, submission to or rejection of such conduct is used in evaluating the student’s performance within a course of study or other school-related activity; or

3) such conduct is sufficiently severe, persistent, or pervasive that it has the purpose or effect of (1) unreasonably interfering with an employee’s work performance or a student’s educational performance; (2) limiting a student’s ability to participate in or benefit from an educational program or environment or interfering with effective employee-student relations; or (3) creating an abusive, intimidating, hostile, or offensive work or educational environment.

Sexually harassing conduct includes, but is not limited to, deliberate, unwanted, unwelcome, and uninvited touching that has sexual connotations or is of a sexual nature; suggestions or demands for sexual involvement accompanied by implied or overt promises of preferential treatment or threats; pressure for sexual activity; continued or repeated offensive sexual flirtations, advances or propositions; continued or repeated verbal remarks about an individual’s body; sexually degrading words used toward an individual or to describe an individual; sexual assault; sexual violence; or the display of sexually suggestive drawings, objects, pictures, or written materials. Acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex, but not involving sexual activity or language, may be combined with incidents of sexually harassing conduct to determine if the incidents of sexually harassing conduct are sufficiently serious to create a sexually hostile environment.

As provided in policy 4040/7310, Staff-Student Relations, employees are strictly prohibited from engaging in a romantic or sexual relationship with any student enrolled in the Guilford County Schools whether or not it is consensual. Such conduct is prohibited whether or not it constitutes sexual harassment.

c. Gender-based harassment is also a type of harassment. Gender-based harassment may include acts of verbal, nonverbal, or physical aggression, intimidation, or hostility based on sex or sex-stereotyping but not involving conduct of a sexual nature. This includes subjecting another person to demeaning sexual stereotypes, innuendoes, insults, or other conduct that is perversely intimidating, offensive, or hostile, or that creates an environment that unreasonably interferes with a student’s opportunity to learn or an employee’s ability to function successfully in the work place.

D. REPORTING AND INVESTIGATING COMPLAINTS OF DISCRIMINATION, HARASSMENT, OR BULLYING

Any person who believes that he or she may have been bullied, harassed, or discriminated against in violation of this policy by any student, employee, board member, visitor, or third-party subject to the supervision and control of the school system should inform a school official designated to receive such
complaints, as described in administrative regulation 1710/4021/7230-R, Discrimination, Harassment, and Bullying Complaint Procedure.

Any employee who has witnessed or who has reliable information that a person has been subjected to bullying, harassment, or discrimination, has a duty to report such conduct in accordance with administrative regulation 1710/4021/7230-R. If an employee knowingly ignores, fails to report or take proper action, or knowingly provides false information in an incident of bullying, harassment, or discrimination, the employee will be subject to disciplinary action up to and including dismissal.

Students, parents, volunteers, visitors, and others are strongly encouraged to report any actual or suspected incidents of discrimination, harassment, or bullying of others in accordance with administrative regulation 1710/4021/7230-R. Reports may be made anonymously; however, anonymous reports cannot be the sole basis of student or employee discipline and consequently signed reports are encouraged.

All reports and complaints shall be investigated in accordance with administrative regulation 1710/4021/7230-R.

E. TRAINING AND PROGRAMS
The Board directs the Superintendent to establish training and other programs for staff and students that are designed to prevent discrimination, harassment, and bullying and to foster an environment of understanding and respect for all members of the school community. Information about this policy and the related complaint procedure must be included in the training plan and provided to all new employees during orientation. The Superintendent is responsible for maintaining records of the training.

As funds are available, the Board will provide additional training for students, employees, and volunteers who have significant contact with students regarding the Board’s efforts to address discrimination, harassment, and bullying and will create programs to address these issues. The training or programs should (1) provide examples of behavior that constitutes discrimination, harassment, or bullying; (2) teach employees to identify groups that may be the target of discrimination, harassment, or bullying; and (3) train school employees to be alert to locations where such behavior may occur, including locations within school buildings, at school bus stops, on cell phones, and on the Internet.

F. NOTICE
The Superintendent is responsible for providing effective notice to students, parents, and employees of this policy and of the procedures for reporting and investigating complaints of discrimination, harassment, and bullying established in administrative regulation 1710/4021/7230-R, Discrimination, Harassment, and Bullying Complaint Procedure. The Superintendent must ensure that each school principal makes a copy of this policy and administrative regulation 1710/4021/7230-R available to students, employees, and parents or other responsible care givers at the beginning of each school year. In addition, both policies must be posted on the school system website and copies of the policies must be readily available at each school and work site. Notice of the policies must appear in all student and employee handbooks and in any school or school system publication that sets forth the comprehensive rules, procedures, and standards of conduct for students and employees.

G. COMPLIANCE OFFICER
The Superintendent is directed to appoint a Compliance Officer to coordinate the school system’s efforts to comply with and carry out its responsibilities under federal non-discrimination laws. These responsibilities include investigating any complaints communicated to school officials alleging noncompliance with Title VI or Title IX of the Civil Rights Act, Section 504 of the Rehabilitation Act, the Americans with Disabilities Act (ADA), the Age Discrimination Act, and/or the Boy Scouts Act, or alleging actions which would be prohibited by those laws. The name and contact information for the Compliance Officer(s) shall be provided in an administrative procedure associated with this policy or otherwise publicized to the school community and shall be made available by contacting the Superintendent’s office.

H. RECORDS AND REPORTING
The Superintendent or designee shall maintain confidential records of complaints or reports of discrimination, harassment, or bullying. The records must identify the names of all individuals accused of such offenses and the resolution of such complaints or reports. The Superintendent shall maintain records of training conducted and corrective action(s) or other steps taken by the school system to provide an environment free of discrimination, harassment, and bullying.

The Superintendent shall report to the State Board of Education all verified cases of unlawful discrimination, harassment, or bullying. The report must be made through the Discipline Data Collection Report or through other means required by the State Board.

I. EVALUATION
The Superintendent shall evaluate the effectiveness of efforts to correct or prevent discrimination, harassment, and bullying and shall share these evaluations periodically with the Board.

The district provides a Harassment, Bullying or Discrimination Reporting Form to be used by those filing harassment complaints. See Appendix E.
SEXUAL HARASSMENT OF STUDENTS (GAMAA/GAMAA-P)

The Guilford County Schools is committed to providing a learning environment for students that is free of sexual harassment. Sexual Harassment of students will not be tolerated or condoned in the Guilford County Schools.

Sexual harassment of a student is a violation of Title IX of the Education Amendments of 1972. Sexual harassment of students includes but is not limited to unwelcome sexual advances, request for sexual favors and other verbal communication of a sexual nature or physical conduct that either explicitly or implicitly contains a condition of performance for educational decisions or creates an atmosphere of intimidation, hostility or otherwise interferes with effective employee-student relations. Staff shall not engage in a romantic or sexual relationship with any student enrolled in the Guilford County Schools whether or not it is consensual. Materials used for the purposes of education are excluded from the definition of sexual harassment.

GAMAA-P

The following procedure shall be utilized to implement Administrative Policy GAMAA.

This procedure applies to all allegations of sexual harassment by any adult that is school related. While the procedures below relate particularly to personnel of the Guilford County Board of Education, allegations of sexual harassment of students that occur as a consequence of school activities by other adults, including contracted services, volunteers, and adults present on campus for school-related activities or functions should also be reported immediately following these procedures.

All employees (except GCS student employees) are prohibited from dating, courting or entering into a romantic or sexual relationship with any student enrolled in the school district regardless of the student’s age by policy GAMAA. Employees who are reporting conduct that violates this policy should also use this procedure.

Acts of sexual harassment or inappropriate staff-student relations are prohibited at all times, during the school day or after school hours, on-campus or off-campus, or during school-related functions such as sporting events, social activities or field trips. Any student who believes that he/she has been subjected to sexual harassment by any employee(s) of the Guilford County Schools and any student or employee who has knowledge of sexual harassment or inappropriate staff-student relations should report the facts of the incident(s) and the name(s) of all the individual(s) involved in any material way immediately to the student’s principal or to the supervisor of the person reporting the incident. Employees, who ignore, falsely evidence or knowingly fail to report incidents of sexual harassment or inappropriate staff-student relations are subject to disciplinary actions up to and including dismissal.

When the incident involves the principal, or is too sensitive to report to the principal/assistant principal, or the alleged infraction occurs outside of the jurisdiction of a particular school, the incident should be reported to the Chief Human Resources Officer or the Executive Director for Human Resources.

Reports of such incidents should be made in writing using a Guilford County Schools Incident Report Form GAMAA and submitted to the Chief Human Resources Officer or the Executive Director for Human Resources by the site supervisor where the report is made. Copies of the report will also be made to the supervisor.

Principals will make available to student complainants all support services personnel such as counselors, school social workers and school psychologists to offer adequate counseling, emotional and physical support. No reprisals of any kind will be taken by the Board or any employee of the school district against any complainant on account of his or her participation in a good faith complaint filed and decided pursuant to this procedure.

The principal, or when appropriate, the Chief Human Resources Officer or the Executive Director for Human Resources, will respond to the complaint and schedule a conference with the complainant. A subsequent conference will be held with the accused personnel to make a preliminary assessment of the facts and merit surrounding the complaint. The appropriate authority cited above will conduct an investigation. If a full and thorough investigation cannot be completed within the prescribed ten (10) day period, the complainant shall be informed of the reason for the delay in writing and given a date within a reasonable time frame when the investigation should be completed and when a disposition should be rendered.

Once the investigation is completed at the school level the principal should inform Chief Human Resources Officer or the Executive Director for Human Resources of his/her findings and conclusion. If it is determined that a violation of Administrative Policy GAMAA has occurred, then the matter should be turned over to the Chief Human Resources Officer or the Executive Director for Human Resources to make a recommendation for appropriate disciplinary action against the accused personnel. If the accused is a non-employee, actions may be taken to restrict access by the volunteer, contractor or other adult, to the school or the student.

The Chief Human Resources Officer or the Executive Director for Human Resources may conduct further investigation into the incident if he/she feels further investigation is warranted. Within ten (10) school days after receiving the principal’s conclusion the Chief Human Resources Officer or the Executive Director for Human Resources should inform the complainant and the accused personnel of the final disposition of the matter including any recommendation of disciplinary action(s). Confidentiality will be maintained throughout all proceedings and reports, and all actions taken will be in compliance with applicable law.

The Board is committed to the safety of students, employees and other persons on school property. In order to create and maintain a safe school environment, the Board directs the Superintendent to establish procedures consistent with the following principles for students who are registered sex offenders as defined by N.C.G.S. 14-208.18:

1. Each student who is a registered sex offender shall be presented to a Committee established by the Superintendent and made up of a representative from the Student Safety office, a principal from student’s school, an Exceptional Children’s administrator, a representative of the Student Services administration and such other representatives as the Superintendent deems appropriate.

2. The Committee shall consider whether the student should be recommended for an alternative education placement with additional supervision, or limited and supervised access to GCS campus premises, or expulsion from the Guilford County Schools pursuant to N.C.G.S. 115C-391 (d). In the event that the Committee determines that the student cannot enter the school campus regardless of the student’s age, and the student is not recommended for expulsion, the Committee shall make recommendations for the student’s alternative education.

JBCD-P

This process shall govern and control the execution of policy JBCD – Registered Sex Offenders – Students. All principals, school supervisors and School Resource Officer (SRO) should familiarize themselves with this procedure.

STUDENT SEX OFFENDERS

1. Principals will complete an online registration form that enables them to receive electronic alerts of registered student sex offenders who are over the age of 16 and who live within their school zones. New principals will complete this registration process as a part of their new principal orientation program 14 days after being appointed to their duties.

The link is as follows: http://sexoffender.ncdoj.gov

2. Immediately after being notified of a registered student sex offender, principals (or their assigned designees) will cross reference their student database to identify any enrolled sex offenders.

3. Principals will forward the offender’s name and demographic information (name, age, address, ID number, grade level, and transcript) to the Committee established by the Superintendent. During the interim period between the date that an enrolled student sex offender is identified and the date that the Committee provides a disposition, principals will treat this information as confidential with their staff, and students will receive an alternate placement (suspension, ISS, home placement with suspension).

4. The Committee will recommend one of the following decisions:
   a. Limited and supervised access to GCS premises, or
   b. An alternative education placement, or
   c. Expulsion, wherein normal discipline hearing procedures will be followed.

5. Principals will work collaboratively with their SRO and the District Office of Safety and School Security to ensure compliance.

An annual review will be conducted by the Committee to determine if the decision continues to be appropriate. The Committee will provide in writing the decision regarding the student’s placement.
SEXUAL HARASSMENT BY STUDENTS (JCDAE/ JCDAE-P)

The Guilford County Schools takes seriously its responsibility to provide a working and learning environment free from sexual harassment and prohibits any student to engage in sexual harassment against fellow students, employees or any other individuals on school grounds, in school vehicles or at school-related functions. Harassment is unwanted, unwelcomed or uninvited behavior that demeans, threatens or offends the victim and results in a hostile environment for the victim.

Sexual harassment includes but is not limited to unwanted, unwelcomed and uninvited behavior that may also include, but is not limited to: deliberate, unwelcome touching; suggestions or demands of sexual involvement accompanied by implied or overt promises of preferential treatment or threats; pressure for sexual activity; continued or repeated offensive sexual flirtations, advances or propositions; continued or repeated verbal remarks about an individual’s body; sexually degrading words used toward an individual or to describe an individual; or the display of sexually suggestive objects or pictures.

It is also considered sexual harassment when a student subjects another student or person to demeaning sexual stereotypes, innuendos, intimidation, insults or other conduct that is pervasively intimidating, offensive or hostile, or creates an environment that unreasonably interferes with another student’s opportunity to learn.

Violation of this policy shall result in disciplinary action against the student perpetrator(s) and/or accomplice(s) pursuant to policy JD, the Student Code of Conduct and will result in disciplinary consequences. Incidents of misbehavior that do not rise to the level of harassment may violate acceptable standards of student behavior that establishes an expectation that students will demonstrate civility and integrity in their interactions with others. The consequences for such behavior will follow those provided in policy JD, the Student Code of Conduct.

Persons who believe they have been subjected to sexual harassment by students shall report incidents of sexual harassment to their teacher, counselor or principal and all staff persons observing behavior they believe to be sexual harassment also have a duty to report such conduct to the principal and the principal will follow the procedures accompanying this policy in JCDAE-P. If a GCS employee knowingly ignores, fails to report or take proper action, or knowingly provides false information in an incident of student sexual harassment, that employee is subject to disciplinary action up to and including dismissal.

Persons who report sexual harassment shall have a right to a report of the outcome of the investigation of the allegations within the bounds of the law.

Additionally, any person who reported sexual harassment who is not satisfied with the outcome of the investigation of the allegations has a right to file a grievance pursuant to policy GAE (grievances by staff members) or JCE (grievances by students).

No one is permitted to retaliate against a person who reports an allegation of sexual harassment against a student. The principal will take steps to correct any discriminatory effects of sexual harassment and to assure that there is no recurrence of the conduct.

JCDAE-P

Any student who believes that he or she is the victim of harassment by another student shall make a complaint to a teacher, counselor or principal. Depending on the age and abilities of the complainant, the concerns should be reduced to writing by either the student or, the person receiving the complaint using the information reported by the student and signed by the student on the Harassment, Bullying or Discrimination Reporting Form. The information shall be as thorough and detailed as reasonable and the student shall sign the form. The student’s complaint shall be handled as confidentially as possible within the context of a thorough investigation. The accused shall receive full and adequate disclosure and be allowed to respond to the charges and/or allegations against him or her.

In the event that the alleged harassment is reported to someone other than the principal, the staff member receiving the complaint shall promptly bring the allegation to the attention of the principal. The principal will promptly and thoroughly investigate all complaints and respond to the complainant within five (5) work days of completing an investigation. At the conclusion of the investigation the principal shall meet with the complainant and discuss the findings. In the event that the student or parent is not satisfied with the actions of the Principal, the student or parent can file a grievance pursuant to district policy JCE and Administrative Procedure JCE-P.

At no time should a complainant or witness to a sexual harassment allegation be retaliated against in any way. In the event that principal finds that the complainant has been a victim of sexual harassment, the principal shall take all reasonable steps to correct any discriminatory effects of the harassment and assure that there is no recurrence of the harassment. The complainant shall advise the principal of any continuing conduct that has the effect of discrimination within a reasonable time so the principal can take appropriate steps to prevent its recurrence.

Students found to have engaged in sexual harassment shall be subject to discipline pursuant to the Student Code of Conduct under Rule 8 or any other rule violated by the conduct. The district provides a Harassment, Bullying or Discrimination Reporting Form to be used by those filing harassment complaints. See appendix E.
**DRUG AND ALCOHOL-FREE SCHOOL ENVIRONMENT (JCDAC)**

It is the policy of the Guilford County Board of Education that a drug and alcohol free school environment shall be maintained. The Board prohibits the unlawful manufacture, sale, distribution, dispensing, possession or use of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcohol or any other psychoactive or controlled substance or counterfeit substance as defined in Schedules I through V of Section 202 of the Controlled Substances Act (21 U.S.C. 812) and further defined by regulation at 21 CFR 1308.11 through 1308.15, or by the General Statutes of the State of North Carolina. This policy shall govern each student while on any property owned by or under the control of the Board and, in addition, shall apply at any school-sponsored event or activity, regardless of whether held during normal school hours.

The Guilford County Board of Education, recognizing that substance abuse and chemical dependency are problems that affect a student’s academic performance, attendance, and relationships, as well as the total education process, directs the Superintendent to implement the following activities:

1. Provide specific education/prevention programs on substance abuse/chemical dependency for inclusion in the K-12 curriculum that is age appropriate and sequential, in accordance with the Standard Course of Study.
2. Implement appropriate intervention procedures/programs in all schools.
3. Develop and implement a referral procedure for directing students into appropriate treatment programs within the school or the community.
4. Develop a re-entry procedure for students returning to school from non-school based treatment program.
5. Enforce the Student Code of Conduct as it applies to the possession, sale, distribution, manufacture, dispensing and/or use of illicit substances or any other unlawful or unauthorized chemical substance or drug paraphernalia. Acts prohibited by this code do not include the lawful and proper use of drugs prescribed by a doctor or over-the-counter medications.

The Superintendent shall establish any needed administrative regulations, rules and procedures for the implementation of this policy.

**ACCEPTABLE USE OF ELECTRONIC TRANSMISSION CAPABILITIES (EFE/EFE-P)**

The Guilford County Board of Education recognizes that technology and the Internet offer students and staff the resources of thousands of computers all over the world and to millions of individual people. Students, teachers and staff may have access to: 1) electronic mail (email) communication with people all over the world; 2) information and news, some of which may include advertisements, from a variety of sources and research institutions; 3) discussion groups on a wide variety of topics; 4) access to many university libraries, the Library of Congress and other libraries around the world.

Guilford County Schools’ Network and Internet connection have been established in the belief that the information and interaction made available are valuable additions to educational resources.

The intent of this policy is to ensure that all uses of the Guilford County Schools’ technology and the Internet are consistent with the goals and educational philosophy of the school system. Basic tenets of the policy are:

- The use of technology resources and Internet access is to support research and education and to extend the resources of Guilford County Schools.
- All use of technology must be in support of education, research or enrichment and be consistent with the intended purposes.
- Technology Services is responsible for establishing and users are required to follow all standards, policies and procedures related to the use of technology in the Guilford County Schools.
- Use of other organization’s networks or computing resources must comply with the rules appropriate for that network.
- Transmission of any material in violation of any law or system policy is prohibited. This includes, but is not limited to, copyrighted material, threatening or obscene material, material protected by trade secret, materials used for commercial activities by for-profit institutions and material used for product advertisement or political lobbying.
- Students, teachers and staff members will be informed of issues regarding network etiquette, security and vandalism with the understanding that any violation of the regulations is unethical and may constitute a criminal offense or violation of the “Student Code of Conduct” and require appropriate disciplinary action.
- Teachers and each school’s Media Advisory Committee will monitor the use of the Internet and will take reasonable measures to ensure use is consistent with the purposes of the Guilford County Schools. This policy
represents the standard for acceptable use of electronic media. The tenets of the standard are communicated to parents, guardians and students with additional notification of the policy by its inclusion in the student handbook. Schools also may develop individualized local regulations regarding use of technology, email and Internet access on school premises. Supervisors will likewise monitor staff use.

- Guilford County Schools does not endorse or authorize the use of any of its school names in any electronic medium, including websites, user groups and uniform resource locators (URLs), unless express written consent is granted by the Guilford County Schools.

Board Policy EFE along with its Administrative Procedure EFE-P revises and replaces the former Administrative Policy EFE issued June 3, 2002.

FIELD TRIPS (IFCB)

The Guilford County Board of Education recognizes the field trip as a valuable learning experience provided it is properly planned and carefully executed. Planning would include advance preparation, opportunities for students to assimilate the experience during the field trip, and integration of the experience into the regular classroom program at the conclusion of the trip. Planning would also direct attention to safety, transportation, school lunches, liability, supervision, time away from school and experiences. The principal shall approve field trips only when he/she is assured that these requirements have been fulfilled and that the field trip is an extension of the classroom instructional program.

As an extension to the classroom instructional program, students shall not be denied participation in a field trip as a consequence for behavioral infractions.

Usual and customary activities associated with athletics, competitive forensics, music and other similar experiences are not field trips within the meaning of this policy. However, field trips by school clubs must meet the same criteria and be approved in the same manner as all other school-approved field trips. All school-sponsored trips including co-curricular and extra-curricular trips (such as athletics, etc.) are subject to cancellation or postponement as outlined below under “Approval.”

CRITERIA FOR FIELD TRIPS

Teachers, principals and administrators shall consider the following criteria in planning and approving field trips. The field trip should:

• relate to a particular aspect of the on-going classroom instruction and the standard curriculum of the school system.

• afford a meaningful learning experience which cannot be provided in the school setting.

• provide activities suitable to the age level of the students.

• be reasonable in terms of length of trip, duration, distance traveled and cost.

• provide assurances that no student is denied the opportunity to participate because of an inability to pay expenses associated with the cost of the field trip.

WRITTEN PERMISSION

Because the safety of the students is a primary consideration in the approval of and carrying out of field trips, students must have the written permission of their parents for their participation in each specific field trip.

STUDENT CONDUCT

The policies, rules and regulations which the Guilford County Schools or any of
its individual schools have adopted concerning student conduct are applicable while students are participating in field trips.

**APPROVAL**

The sponsoring teacher must hold a preliminary conference with the building principal(s) and secure the principal(s)' tentative approval before conducting any discussions with students/parents regarding the proposed field trip.

- All field trips within the state must be approved by the school principal.
- Additionally, prior to any notice to students, parents or the community, overnight and/or out-of-state field trips must have the initial approval of the SSO or his/her designee. Final approval must be obtained from the SSO or his/her designee at least one month in advance of the date of the trip.
- All school trips are subject to cancellation or postponement by the SSO, when emergency or hazardous conditions exist. Such conditions include severe weather warnings. Staff, parents and students should be aware of this possibility as any trip is planned.

**Absences and Make-Up Work**

Participation in an approved field trip shall be considered an excused absence and the student shall be entitled to make up his/her work. Prior to any field trip, arrangements shall be made by the principal and the staff for students to make up any work missed in other classes. Additionally, no student's grade shall be lowered if the parents do not consent for the student to go on the field trip.

**CHILDREN WITH DISABILITIES/SPECIAL NEEDS**

Consideration will be made for children with disabilities or special needs, prior to the field trips. If there are children with special needs the teacher will identify the special need(s) and notify the principal of the special need(s) at the time the field trip application is submitted to the principal. The principal, or his designee (hereafter termed principal), will make the necessary arrangement for the student with special needs. The principal will determine by telephone or letter during this time if the destination has the accommodations to satisfy the requirements for the student with disabilities/special needs. The principal should determine if specialized transportation is needed and arrange for specialized transportation. The specialized transportation should be confirmed a minimum of three weeks prior to the field trip.

**RESOURCES**

If the destination that the teacher intends to travel does not accommodate the child with a disability/special need, the principal should consult in the Access North Carolina book or other such field trip resource references to identify a similar field trip that is accessible to all.

**MEDICATIONS**

Medication taken by a student during the school day should also be administered in accordance with the North Carolina Board of Nursing’s Nurse Practice Act. Whether and how delegation is appropriate is a determination that can be made only considering the activity involved, the related circumstances of the activity, the age and maturity and other relevant characteristics of the student and the available people who could perform the delegated service. The Nurse Practice Act does not allow delegation of medical procedures by the school nurse including administration of medication outside the state of North Carolina. Precautions must be taken to ensure that storage of the medication is secure and the appropriate dosage is given. A copy of the Medication Authorization form signed by the parent and the medical provider will be taken on the field trip. If the field trip extends to times of day when the student receives medication outside the school day and existing form, a special Medication Authorization form must be completed for that particular instance and trip. The principal will make the necessary arrangement(s) for the student requiring medical administration and/or medical procedures.

When taking an in-state field trip, the principal or designee shall work with the school nurse to make sure that all paperwork (from healthcare provider and parent) and training of staff, if necessary, has been completed at least two weeks prior to the field trip. Nurses may delegate the care of a student if their assessment validates that UAPs (unlicensed assistive personnel) can provide the needed care while on the in-state field trip.

**SUPERVISION**

The principal must make certain that adequate supervision is provided for all field trips. At least two adults are required per class for a trip. In addition to teachers, parents can fulfill this minimum supervision requirement. The Superintendent shall develop procedures for the implementation of this policy.
GRADING AND REPORTING STUDENT PROGRESS (IHA/IHA-P)

Guilford County Schools requires that all parents/guardians be informed at regular intervals on the academic progress of their children.

Grades are a reflection of the student’s progress in meeting the state and local requirements. Grades shall be weighted only for Advanced Placement (AP), International Baccalaureate (IB), college courses, and designated honors courses. Students taking AP lab courses may opt to take the course as Pass/Fail, which does not affect the student’s GPA, or for a non-weighted grade, which is included in calculating GPA.

A report card will be sent to the parents of each student at the end of each grading period. In addition to the regular report cards, interim progress reports will be issued to all students at the midpoint of the grading period to inform parents/guardians and to invite participation regarding student progress. Additional reports or contact will be made when it appears students are making unsatisfactory progress or have been absent from school an excessive number of days.

Teachers shall keep accurate records that reflect how they have determined each student’s grades. Completing the progress report shall be the responsibility of the classroom teacher.

The scale to report student progress in grades K-2 shall be:

- 4 = Consistently exceeds grade level expectations
- 3 = Consistently meets grade level expectations independently
- 2 = Needs support to meet grade level expectations
- 1 = Below grade level expectations with support

The grade scale for grades 3-12 students in Guilford County Schools shall be:

- A = 90 - 100
- B = 80 - 89
- C = 70 - 79
- D = 60 - 69
- F = 59 and BELOW
- I = INCOMPLETE

Pass/Fail (ONLY for students wishing to take the Lab portion of an AP Course as non-graded, which will not affect the student’s GPA).

The Superintendent or his/her designee shall issue regulations to ensure that the grading system is uniform at all grade levels throughout the school system with the exception noted below:

### GRADUATION REQUIREMENTS (IHF/ IHF-P)

In their eighth grade year, all students will be advised of the requirements for graduation and requirements for special recognition that will be given by local, state, or national groups that require additional credits or specific courses.

In order for students to be eligible for graduation, Guilford County Schools requires the following:

- Students satisfy all state requirements including the prerequisite units of study: 22 units of study if entering the ninth grade for the first time in 2012/2013 and beyond.
- Students receiving a diploma must pass CPR as a graduation requirement beginning with the graduating class of 2015.

### GRADUATION PROJECT

The Graduation Project, or Senior Project, is a site-based decision for each high school in Guilford County Schools. For more information, contact the school counselor or principal.
Graduation Project Components
The Graduation Project consists of four components:
• A paper demonstrating research and writing skills
• A product created through the use of knowledge and skills to accomplish a goal
• A portfolio, a learning record of the student's process and progress through all the steps of the graduation project
• An oral presentation during which the student will present information on the chosen topic to a review panel

EARLY GRADUATION
Conferences with the school counselor will assure a comprehensive analysis of post-secondary options available to early graduates. Students who have completed all graduation requirements including specific course and testing requirements, an appropriate course of study, and total number of graduation credits required, may request to graduate early, either at mid-year of their senior year or at the end of their junior year. The student's grade classification will be based on the GCS high school promotion standards. Diplomas are awarded only at the end of the school year.

STUDENT ACCOUNTABILITY STANDARD, K-12 (IKEA/IKEA-P)
The Guilford County Board of Education recognizes its responsibility to provide a sound basic education for all students, kindergarten through grade twelve (K-12), based on the North Carolina Standard Course of Study and the State Board of Education's mandates, which set student accountability standards. Student promotion and accountability standards within this school system are guided by both state and local standards. The student accountability standards adopted for specific grade levels are based on the belief that all students must have the reading, writing, mathematics, technology and higher order thinking skills critical for successful participation in higher education and in the work force.

STANDARDS FOR PROMOTION K-12
These standards recognize the statutory authority of the principal to make promotion decisions by taking these and other factors into consideration in assigning students to the grade level which provides the best opportunity for the student to progress and develop educationally.
A variety of factors should be considered and carefully evaluated before promotion and retention decisions are made: academic progress, social maturity, age, and emotional, psychological and physical needs. Students will be assigned, by the principal, to the grade level which provides the student the best opportunity to progress and develop educationally.
Alternatives to retention at the elementary and middle level shall include interventions such as extended learning opportunities, remediation/acceleration, and individualized instruction.

HIGH SCHOOL 9-12
Each academic year, students in grades 9-12 must meet the minimum culmination of units to be eligible for promotion.

High Schools 9-12 Block Schedule
• Grade 9 to 10 – A minimum of 6 units cumulative must be earned.
• Grade 10 to 11 – A minimum of 13 units cumulative must be earned.
• Grade 11 to 12 – A minimum of 20 units cumulative must be earned.
• Graduation – A minimum of 28 units and successful completion of any other state or local requirements must be earned.

High Schools 9-12 Traditional Schedule
• Grade 9 to 10 – A minimum of 5 units cumulative must be earned.
• Grade 10 to 11 – A minimum of 10 units cumulative must be earned.
• Grade 11 to 12 – A minimum of 16 units cumulative must be earned.
• Graduation – A minimum of 22 units and successful completion of any other state or local requirements must be earned.
PROMOTION STANDARDS 9-12

High school students must meet the diploma pathways to graduate. Students at non-block schools must meet 22 units, while students at block schools must meet 28. Each year, students must meet minimum units to be eligible for graduation.

STUDENTS OF LIMITED ENGLISH PROFICIENCY

All students with Limited English Proficiency (LEP) shall participate in the Student Accountability Standards in grades 3-8 through End-of-Grade testing, and for grades 9-12 through End-of-Course testing in NC Math 1, English II and Biology. Procedures for promotion and intervention used with LEP students must be in accordance with established state procedures.

REPORTING REQUIREMENTS FOR STUDENT ACCOUNTABILITY STANDARDS

The superintendent will provide an annual report on student performance and the progress made toward meeting the Student Accountability Standards. The superintendent is instructed to develop and implement administrative procedures needed to carry out this policy.

STUDENT ACCOUNTABILITY STANDARD IKEA-P

The goal of Guilford County Schools is to identify and support, as early as possible, students who are below grade level and not likely to meet State Accountability Standards. Those standards include End-of-Grade tests at grades 3-8 in reading and math, grades 5 and 8 in science, and at the secondary level, End-of-Course assessments in English II, NC Math 1 and Biology. To assist students in meeting Student Accountability Standards at the elementary (grades 3-8) and secondary level, GCS has developed interim assessments for these courses, as well as other interventions to support student academic growth.

PROMOTION STANDARDS, GRADES K-2

To be promoted in grades K-2, principals should consider the following data points:

- Students at the K-2 level will perform at proficient levels using the Text Reading and Comprehension (TRC) assessment in accordance with state guidelines:
  - Grade K Reading TRC Level D
  - Grade 1 Reading TRC Level J
  - Grade 2 Reading TRC Level M
- Students will also demonstrate mastery of math concepts as determined by the K-2 NC Math Assessment.

PROMOTION STANDARDS 3

Students will perform at or above Level III on the NC End-of-Grade Test of Reading or at or above Level III on the Read to Achieve Alternate Assessment in accordance with state guidelines.

Students meeting a Good Cause Exemption may be placed in the fourth grade based on principal discretion. A Good Cause Exemption indicates that students may be exempt from mandatory retention in third grade for good cause but shall continue to receive instructional supports and services and reading interventions appropriate for their age and reading level.

Good cause exemptions shall be limited to the following:

1. Limited English Proficient students with less than two years of instruction in an English as a Second Language program.
2. Students with disabilities, as defined in G.S. 115C-106.
3. Students who demonstrate reading proficiency appropriate for third grade students on an alternative assessment approved by the State Board of Education. Teachers may administer the alternative assessment following the administration of the State-approved standardized test of reading comprehension typically given to third grade students at the end of the school year, or after a student’s participation in the local school administrative unit’s summer reading camp.
4. Students who have (i) received reading intervention and (ii) previously been retained more than once in kindergarten, first, second, or third grades.

PROMOTION STANDARDS 4-5

Principals will make promotion and retention decisions based on how students perform on interim assessments, grades in core subject areas, performance on End of Grade tests in reading, math and science (5th grade only) and any other data point deemed by the administrative team.

PROMOTION STANDARDS 6-8

To be promoted in grades 6-8, principals should consider the following data points:

- meeting the local promotion standards for Guilford County Schools
  - pass a minimum of five (5) subjects
- may not fail more than one of the core subjects (language arts, mathematics, science, social studies)
• review interim assessment data
• review student work portfolio
• review student growth from one year to the next

NOTE: If a student fails the same core subject more than once during the middle school years, he/she must receive appropriate supplemental assistance in order to be promoted to high school.

To ensure that parents are well informed, a progress report will be sent to the parents of each student at the end of each grading period. Teachers need to meet with parents of students who are experiencing learning difficulties.

If students are being considered for retention, parents shall be notified by the third quarter. The school shall convene a committee to review student performance and intervention strategies that have been implemented.

The committee shall be comprised of the following:
• 3 teachers (one of whom must be an EC teacher or an ESOL teacher, if student is EC or LEP respectively);
• One school administrator (principal or assistant principal) who functions as leader;
• Parent or guardian of any student being presented shall have the right to speak on behalf of his/her child.

The principal will consider all relevant information and will make the final decision regarding promotion or retention. Appeals will be heard if requested by a parent or teacher. According to state statute, it remains the principal’s authority to make grade placement decisions.

PROMOTION STANDARDS 9-12
Each academic year, students in grades 9-12 must meet the minimum culmination of units to be eligible for promotion.

High Schools 9-12 Block Schedule
• Grade 9 to 10 – A minimum of 6 units cumulative must be earned
• Grade 10 to 11 – A minimum of 13 units cumulative must be earned
• Grade 11 to 12 – A minimum of 20 units cumulative must be earned
• Graduation – A minimum of 28 units and successful completion of any other state standards must be earned

High Schools 9-12 Traditional Schedule
• Grade 9 to 10 – A minimum of 5 units cumulative must be earned
• Grade 10 to 11 – A minimum of 10 units cumulative must be earned
• Grade 11 to 12 – A minimum of 16 units cumulative must be earned
• Graduation – A minimum of 22 units and successful completion of any other state standards must be earned

ASSESSMENTS
Due to the critical factor of providing interventions as early and as focused as possible, Guilford County Schools will utilize interim assessments for the Student Accountability Standards. These assessments will be administered in grades 3-8 in reading and math, grades 5 and 8 in science and in EOC courses at the secondary level for NC Math 1, Biology, and, English II. The purpose of the interim assessments will be to guide teachers as they modify instruction and curriculum for students in danger of not meeting the current standards. The superintendent shall direct collaboration between central administration and each school to conduct and monitor the outcome of those interim assessments.

Intervention for Students Not Meeting Student Accountability Standards
Intervention must be provided for any student who does not meet proficiency standards or graduation standards as established by the state and district LEA. Such interventions shall involve extended instructional opportunities which are specifically designed to improve students’ performance. These interventions can include smaller class sizes, modified instructional programs, extended learning opportunities, tutorial sessions, assignments, and opportunities for parental involvement. For students performing at or below Level III in grades 3-12, extended sessions should be a component of the student’s PEP.

SCHOOL WIDE INTERVENTION PLANS AND/OR PERSONAL EDUCATION PLAN (PEP)
Session Law 2015-46 removed the State legal requirement for developing a PEP for individual students; however it does not prohibit the creation of a plan for identified students at risk of academic failure or any other student in need. Local school administrative units shall identify for students who are at risk for academic failure and who are not successfully progressing toward grade promotion and graduation including documentation of students receiving intervention (Schoolwide Intervention Plan). Identification shall occur as early as can reasonably be done and can be based on grades, observations, state assessments, and other factors, including reading on grade level, that impact student performance. If students are not responding to the group intervention, an individual PEP will be written by the classroom teacher that includes additional interventions needed to address deficit areas/targeted skills.

A School-wide Intervention Plan may have the following components:
• Grade level or content area focus
• Percentage of students not meeting grade level/college readiness expectation
• Data source used to measure progress of students
• Research based strategies to increase the percentage of students meeting grade level expectations
• Monitoring plan, including strategies, outcomes for students and method of measuring outcomes
A Personal Education Plan (PEP) must have the following components:

- Diagnostic data
- Research-based intervention strategies
- Monitoring plan, including strategies and assessment dates

Parents should be notified and involved in the PEP process.

Repeating a High School Course for Credit:
Students who do not receive a passing grade in a course may have the opportunity to recover the credit through face-to-face instruction, online through NC Virtual Public Schools, or through an approved GCS online credit recovery program. Students recovering credit through an online program must complete and demonstrate mastery of the assigned lesson modules.

The assigned modules which target specific skills are to be identified by the course teacher. Because credit recovery is based on content mastery, seat time is not a requirement.

Students are permitted to repeat a course for credit when they have failed a course. Beginning in 2015-16, for students who initially fail a high school course and repeat the course for credit, upon completion of the repeated course, the new course grade shall replace the previous grade for the course. When a student repeats a course for credit and passes the course, the student only earns credit towards graduation once.

Students who attended a GCS high school the semester prior to summer school registration may participate, tuition free, in the district’s summer school program. Incoming GCS students who did not attend a GCS high school the semester prior to the current summer program may enroll in summer courses upon registering for fall enrollment at a GCS school.

Online Courses for Initial or Repeating Course Credit:
Students who enroll in an online course to recover a credit or to receive initial course credit, may do so only through district approved programs. Students may not register for an online course for initial credit without prior approval of both the principal and the Office of Virtual Learning.

REPORTING REQUIREMENTS FOR STUDENT ACCOUNTABILITY STANDARDS

On an annual basis, the Superintendent will provide the Board with the following information for each school: Aggregate student performance scores on state tests;

- The numbers and percentages of all students according to proficiency for each grade level;
- System-wide and school-based intervention strategies being provided by the Guilford County Schools, and the status of these efforts toward increasing the number of students meeting the standards; and
- Student performance reported by gender and the following state identified subgroups: the school as a whole, White, Black, Hispanic, Asian, Native American, and Multiracial students, limited English proficient students, economically disadvantaged students, and students with disabilities.

CREDIT BY DEMONSTRATED MASTERY (CDM)
“Credit by demonstrated mastery” is the process by which LEAs shall, based upon a body-of-evidence, award a student credit in a particular course without requiring the student to complete classroom instruction for a certain amount of seat time.

The State Board of Education defines “mastery” as a student’s command of course material at a level that demonstrates a deep understanding of the content standards and the ability to apply his or her knowledge of the material.

Beginning with the 2014-15 school year, to inform student placement for the 2015-16 school year, Credit by Demonstrated Mastery is available for all GCS students in grades 9-12 for high school courses and in grades 6-8 for high school courses taught in middle school.

The Process
Students shall demonstrate mastery through a multi-phase assessment, consisting of (1) a standard examination, which shall be the EOC where applicable, or a final exam developed locally and (2) an artifact which requires the student to apply knowledge and skills relevant to the content standards. Phase 2 may have additional requirements, such as performance tasks, for some content areas.

For courses taught in a predetermined sequence, a student may only attempt to earn CDM for the next course in the sequence. For example, if a student has taken NC Math 1 and would like to attempt CDM for NC Math 3, s/he would need to first successfully earn credit for NC Math 2, either through CDM or traditional enrollment in the course.

Excluded Courses
The following courses are excluded from CDM:

- Career and Technical Education (CTE) work-based learning courses (co-op, internship, apprenticeship)
- CTE courses that have a clinical setting as a requirement of the course, such as ProStart, Early Childhood
- English Language Learner (ELL) courses
- Healthful Living required courses
- AP/IB Courses
Phase I qualifying scores

- For EOC courses, students must achieve a Level V exhibiting a superior understanding, to qualify for Phase II artifact development.
- For CTE courses, students must achieve a scale score of 93 to qualify for Phase II artifact development.
- For non-EOC courses, students must achieve a 90 or higher on the exam.

For EOC, CTE, and non-EOC courses, re-testing is not permitted. Students attempting CDM receive one opportunity per course to achieve the minimum standards to earn CDM.

Students shall not be penalized for an unsuccessful attempt and such attempts shall never, under any circumstances, affect the student’s grades or transcript.

Appeals Process

Families may appeal Phase II committee decisions regarding the decision of earning CDM. Students and their parents should submit appeals within ten days of receiving notification that an attempt was not successful and a subset of the various CDM teams will review and finalize appeal decisions within ten days of appeal submission. The decisions of appeals panels are final.

Receiving Credit

Students who demonstrate mastery through the CDM process shall receive credit for the course toward graduation requirements.

Credit shall be indicated on a student’s transcript and where applicable, the “passed EOC” indicator will be set to the level at which the student scored. The school shall not grant a numeric or letter grade for the course and shall not include the grade in the student’s grade point average (GPA) calculation.

Students who demonstrate mastery through the CDM process shall receive credit for the course toward graduation requirements.

For students who successfully earn CDM for courses with an EOC, Phase I EOC scores for these students must be submitted through DPI Accountability Division’s approved process, no later than the close of the accountability year (last working day of June) to ensure the scores are included in accountability reporting. Students must successfully complete Phase I and Phase II for their scores to be included in DPI’s accountability reporting.

ATTENDANCE POLICY K-12 (JBD)

A. Lawful Absences

1. Excusable absences permitted by NC State Board of Education Attendance Rules:
   (a) Illness or injury
   (b) Quarantine
   (c) Death in family
   (d) Medical/Dental appointments
   (e) Court proceedings
   (f) Religious observances
   (g) Educational opportunity
   (h) Suspension
   (i) Expulsion

B. Unlawful Absences

Unlawful (unexcused) absences are defined as the student’s willful absences from school without the knowledge of the parents/guardians, or the student’s absences from school without justifiable causes with the knowledge of parents/guardians.

C. Homebound Placements

Homebound placements are based on medical recommendations and students are credited as in attendance when pre-approved by the appropriate official in the Guilford County Schools.

D. Make-up Work

Students are responsible for all work missed when absent from school. Immediately upon returning to school students must make arrangements with their teacher(s) to make up all work (assignments, tests, projects, etc.) missed while absent.

E. Absence Documentation Requirement

All absences require a written note from the parent/guardian explaining the absence(s). The student should deliver the note to school authorities (teacher, attendance office official, etc.) as soon as possible upon his/her return to school. Failure to submit such notes within 3 school days after returning to school will result in an unlawful absence being recorded. Parents/guardians are requested to contact school officials immediately when unanticipated absences occur.

All anticipated periods of absence should be reported to school officials prior to the period of absence. Such absences should receive prior approval by school officials.
officials. Prior approval is required for any student departing from campus once he/she has arrived; this approval is required throughout the school day. Students must follow a sign-out procedure as established by the school.

F. Attendance Awards
A student qualifies for an Attendance Award by being in attendance each day that school is in session during an entire school year. In addition, high schools have the option of allowing students with at least 97% attendance to waive one final exam at the end of each semester. (Note: Course exams required by the state are not eligible to be waived.)

G. Definition of being “in attendance”
To be considered “in attendance,” a student must be present in the school for at least one-half of the school day (or one-half of the class for class attendance in secondary schools).

Students may, with the approval of school principal or designees, attend an authorized school activity and be considered “in attendance.” Such activities include, but may not be limited to, job shadowing and other work based learning activities, field trips, athletic contests or other competitions, student conventions, music festivals, concerts, or similar activities approved by the school.

H. Unlawful Absence Disciplinary Actions
Unlawful absence will result in conferences with parents/guardians. Unlawful absence and/or truancy may lead to disciplinary action to include court proceedings involving parents and/or students if a student is under 16 years of age. North Carolina General Statute (G.S. 115C-378) requires attendance until age 16.

III. ELEMENTARY SCHOOL ATTENDANCE REQUIREMENTS
The goal of Guilford County Schools is to have at least 95% attendance. Schools seek to have partnerships with parents to improve attendance, and ask that parents commit to this goal. Teachers in K-5 schools will work with students to give extra help in making up work missed due to absences. Intervention methods will be utilized after excessive absences. These include but are not limited to:

- Calls to parents after 5 absences
- Teacher-parent conferences
- Parent meetings with the principal
- Home visits from the school social worker
- Referral to Intervention Support Team
- Letters to the parents after 3, 6, and 10 days of absences
- The social worker will contact parents after 5 unlawful absences
- Excessive absences will be a factor in consideration of retention

Teachers will record the number of absences on Interim Reports and quarterly reports.

When students accumulate unlawful absences, parents of students under the age of 16 will receive a notification under the North Carolina Compulsory Attendance Law, which states that they are in violation of the law. Unlawful absences will result in conferences with parents/guardians. Unlawful absences and/or truancy may lead to disciplinary action to include court proceedings involving parents and/or students if a student is under 16 years of age. North Carolina General Statute (G.S. 115C-378) requires attendance until age 16.

IV. MIDDLE SCHOOL ATTENDANCE REQUIREMENTS
Students are limited to six (6) absences per semester or twelve (12) absences per school year. Any absences beyond six (6) and twelve (12) would require make-up time. When an absence qualifies for make-up time, it must be made up immediately following that absence. If the absence occurs at the end of the first, second or third marking periods, the absence must be made up within ten (10) days. During the last marking period, all absences must be made up within that marking period. Four hours of make-up time will constitute one day of absence. Students will have two days per each day’s absence to make up assignments, with exceptions considered by each school’s principal.

Each school will design its own Extra Help Program for making up time; programs may include opportunities for making up time before school, after school, on weekends or teacher workdays.

Parents will receive notification of all absences at three (3) days, six (6) days, and ten (10) days. Excessive absences will be a factor in consideration for retention.

IV. HIGH SCHOOL ATTENDANCE REQUIREMENTS
Records are kept on each student’s attendance for the duration of each course. Each student’s attendance record, for the purpose of this procedure, is assessed during the length of the course.

School attendance has been identified as a critical component to academic success. This policy and Attendance Procedure JBD-P are designed to ensure all students meet the requirements of the North Carolina Compulsory Attendance Law 115C-378.

ATTENDANCE PROCEDURE K-12
EXCESSIVE LAWFUL ABSENCES PROCEDURE
Guilford County Schools requires the following clock hours for attendance to earn course credit:

- Block Schedule Schools: 126 Clock Hours
- Traditional Schedule Schools: 153 Clock Hours

The initial three (3) lawful absences are handled between student and
teacher(s). Students are expected to make up work assigned during the lawful absence(s) within three school days of the student’s return to school. The ultimate responsibility for makeup work lies with the student. Students who have excessive excused absences from a class during the following time periods will be recorded as incomplete status until make-up time has been met:

- Four (4) absences during a marking period from a 180-day class.
- Four (4) absences during a marking period from a 90-day block class.
- Four (4) absences during a marking period from a 90-day A Day/B Day class.

(See Suspensions for information regarding absences resulting from suspension from school.)

UNLAWFUL ABSENCES:
Unlawful (unexcused) absences: the student’s willful absences from school without the knowledge of the parents/guardians, or the student’s absences from school without justifiable causes with the knowledge of parents/guardians.

EXCESSIVE UNLAWFUL ABSENCES
Students who have excessive unlawful absences from a class during the following time periods will be placed on INCOMPLETE STATUS (INC) until attendance obligations have been met and must apply for a “Request for Permission” to complete attendance obligations:

- Four (4) absences during a marking period from a 180-day class.
- Four (4) absences during a marking period from a 90-day block class.
- Four (4) absences during a marking period from a 90-day A Day/B Day class.

Parents will be notified by the school of the INCOMPLETE STATUS (INC). The INCOMPLETE STATUS (INC) will be recorded on the report card in lieu of a letter grade for all courses each marking period, regardless of that student’s present grade average. Students can meet course attendance obligations, thereby eliminating INCOMPLETE STATUS (INC). Programs may include opportunities for making up time and assignments before school, after school, on weekends, or teacher workdays. Each excessive absence (unlawful and lawful) is made up by:

- Block ~ 1 absence = 45 minutes make-up time
- Traditional ~ 1 absence = 30 minutes make-up time

When an absence qualifies for make-up time, it should be made up three (3) days following that absence. If the absence occurs at the end of a grading period, the absence must be made up within ten (10) days. In the last grading period of the year, all absences must be made up within that grading period.

A student who has completed the make-up time to earn credit will receive his/her earned grade. If a student does not complete the make-up time, their INCOMPLETE STATUS will convert to an F (59) as their final grade for that marking period. In addition to make-up time policy, students with unlawful absences may face disciplinary consequences (as described in Code of Conduct).

REQUEST FOR PERMISSION
Students and parents may appeal to the principal for permission (e.g., medical and/or unusual circumstances) to remove INCOMPLETE STATUS (INC) or to extend make-up time. This request must be made in writing to the principal within ten (10) school days of notification of INCOMPLETE STATUS (INC). Additionally, a request for permission to amend the INCOMPLETE STATUS (INC) due to a chronic medical condition needs to be made in writing to the principal and include appropriate medical documentation.

NOTIFICATION OF ABSENCES
The following schedule will be used to notify parents/guardians of student absences:

- After 3 absences
- After 6 absences
- After 10 absences

Methods of notification vary from school to school but can include personal telephone messages, computer-generated telephone messages, letters, and home visits. Parents should monitor their student’s attendance closely; notifications sent by the school can follow the actual absence by a number of days due to time needed for processing, mailing, etc. Schools may also communicate attendance information to parents through a student information application.

STATE MANDATED ATTENDANCE POLICY
Parents/Guardians with students under the age of 16 years will receive notification under North Carolina General Statute (G.S. 115C-378). According to North Carolina General Statute (G.S. 115C-378), unlawful absences will result in conferences with parents/guardians. Unlawful absences and/or truancy may lead to disciplinary action to include court proceedings involving parents and/or students if a student is under sixteen years of age. North Carolina General Statute (G.S. 115C-378) requires attendance until age sixteen.

MORE IMPORTANT ATTENDANCE INFORMATION
The principal has the authority to waive seat time requirements when students have chronic health issues or other significant obstacles.

Attendance notes: A note from a parent or guardian is required when students are absent. All notes are due within three school days after a student’s return. Failure to present a note will result in that absence being categorized as unlawful.

Tardies: Each school will design its own program for discouraging students from being late to school or class.

Field trips: Students are considered “present” in school when on field trips.
and other school-sponsored activities. Ask your attendance staff or school administrator when clarification is needed; refer to each individual school’s procedure.

**Time required in class:** Attendance in class for at least one-half of the class period is required for the student to be counted “present.”

**Suspensions:** By state statute, out-of-school suspensions are counted as lawful absences. Therefore, absences incurred from Out of School Suspension (OSS) do NOT have make-up time.

**Athletic participation:** The North Carolina High School Athletic Association (NCHSAA) requires students to meet local attendance requirements for athletic participation. All Guilford County high schools are members of NCHSAA and their players/participants must meet these local requirements to be eligible for athletic participation. Students are responsible for having knowledge of and meeting these requirements; coaches and school athletic directors can provide complete information regarding NCHSAA regulations.

All absences, excused and unexcused, whether they have been made up or not, count towards attendance eligibility.

**STUDENT DRESS CODE (JCDB/JCDB-P)**

The Guilford County Board of Education respects a student’s interest in self expression through his or her appearance. The Board also recognizes the importance of creating an orderly and respectful environment in which to learn. Balancing those interests and other legitimate pedagogical principles governing student learning, every student shall maintain an appearance that is clean and appropriate for the school setting. Each school shall publish its dress code prior to the beginning of each school year so that students and parents are aware of attire that would violate the school’s dress code. A student whose appearance or apparel disrupts the educational environment or violates an individual school’s dress code will be required to change his or her attire.

Principals will maintain written guidelines to assist students in determining appropriate dress for school, copies of which shall be made available to parents and students. Students, parents and staff should be involved in the formulation of the guidelines. All such guidelines are subject to the review of the Superintendent.

**STANDARD MODE OF DRESS (SMOD) OR SCHOOL UNIFORMS**

With the approval of the Superintendent or designee, schools may initiate plans in which students are required to wear a standard mode of dress or a school uniform at school during the regular school day. In order to initiate plans for a uniform or standard mode of dress, schools must support their recommendation with pedagogical reasons. Such reasons could include, among others, achieving instructional objectives of the school, having a favorable impact on student attitudes and school spirit, reducing socio-economic pressures and divisions, as well as promoting a positive school climate, increasing school safety, and producing a safe and orderly instructional environment. Schools interested in pursuing a standard mode of dress or a school uniform must follow procedures established by the Superintendent. Once the dress code is approved by the Superintendent or designee and adopted by the school, the school must do the following:

1. Give adequate notice and provisions for purchasing the attire accepted by the school;
2. Provide a procedure for registering religious or medical objections, or other physical limitations or special needs requiring modification of the prescribed attire; and
3. Provide clear guidelines for the enforcement of the attire.

It is within the Superintendent’s purview to recommend to the Board a standard mode of dress in any school within the Guilford County School district if circumstances at the school warrant the implementation of SMOD. The Board will consider his recommendation at the next meeting and will take action on the recommendation.
The Guilford County Schools Board of Education supports an environment that is conducive to teaching and learning. One strategy for promoting a positive learning environment is to implement a standard mode of dress. The implementation of that process should include broad-based support from the parents, students, faculty, and staff.

**DEFINITION OF TERMS:**
Standard Mode Of Dress (SMOD) has been implemented in several of the district’s schools to help alleviate peer pressure associated with fashion, to address a positive learning environment, to promote a positive school climate, to increase school safety, and to produce a safe and orderly instructional environment. The SMOD varies for each school, but it typically consists of a collared or polo-type shirt paired with khaki, black, or navy pants, shorts or skirts. The pants must be fitted in the waist, and skirts or shorts must be at least knee-length. The SMOD also calls for closed-toe shoes.

**PROCESS FOR APPROVAL**
With the approval of the Superintendent, schools may implement plans in which students are required to wear a standard mode of dress or a school uniform at school during the regular school day. This approval is based on the recommendation from the School Based Leadership team and predicated on sound educational reasons that would benefit the school.

Schools interested in pursuing a standard mode of dress or a school uniform must solicit parent feedback. This process of parent and faculty engagement should assure adequate time for the school to receive feedback. Before any uniform or SMOD policy is implemented, the school must do all of the following:

1. The School Leadership Team will draft a school based SMOD plan (with data to support the request) and recommend adoption to the principal.
2. The principal will convene a minimum of two parent meetings to share information with parents, to receive feedback, and to administer a parent survey. To ensure the integrity of the voting process, ballots will be distributed at these parent meetings. Schools with large student populations may choose to hold more parent meetings.
3. If at least 50% of the school’s parents complete a ballot and if at least 75% of parents vote yes, the principal may submit the SMOD plan to his/her supervisor for final review and approval. If less than 50% of total parents attend the parent meetings, schools may use Connect Ed to survey parents.
4. Once approved, the principal will notify parents with a copy of the school’s approved SMOD plan by May 15th of the prior school year. Notice will include information regarding the purchase of attire. Notice will also include the procedure for registering religious objections for the wearing of the prescribed attire.
5. Each school will publish its dress code prior to the beginning of the school year.

If a parent cannot afford SMOD clothing, the principal will investigate available community resources and consult with the parent to develop a plan.

**IMPLEMENTATION GUIDELINES**
There will be no “opt out” schools designated for students who do not wish to wear SMOD attire.

Schools will make efforts to implement SMOD in such manner that supports a goal of minimal disciplinary consequences for students. This may include and is not limited to making arrangements to provide students who arrive at school dressed in non SMOD clothing with replacement clothing (subject to availability) in lieu of disciplinary action when appropriate.

Schools will make efforts to ensure continuity in SMOD by limiting changes to the dress code to every three to four years (except in cases where schools choose to remove SMOD).

**PROCESS FOR REMOVING SMOD**
Schools interested in removing SMOD will follow Steps 1-3 above. If parents vote to remove SMOD, the principal will notify parents by June 15th and provide them with copies of the dress code that will be followed for the upcoming school year.
A. FORMAL GRIEVANCE PROCEDURE
The primary purpose of the formal grievance procedure is to secure an equitable resolution to the claim of parents and students, while resolving the claim at the lowest possible administrative level. During all grievance conferences and hearings, effort shall be focused on finding a resolution to the problem.

B. DEFINITION
A grievance is a claim based on an event or condition that adversely affects a parent or his/her child, allegedly caused by a violation, misinterpretation, or inequitable application of Federal or State statutes and/or Board policies and administrative regulations. A grievance does not apply to:

1. any matter for which the method of review is prescribed by law;
2. any matter for which there is a more specific Board policy providing a process for addressing the concern;

4. claims of discrimination, harassment, or bullying, which must be processed under policy 1710/4021/7230, Prohibition Against Discrimination, Harassment, and Bullying, and its accompanying administrative regulations, except that a complainant dissatisfied with the result of an investigation carried out under that policy may appeal the result using the grievance process;
5. appeals of long-term suspensions or expulsions under policy 4353, Long-Term Suspension, 365-Day Suspension, Expulsion;
6. complaints of matters related to the identification, evaluation, educational placement, or free appropriate public education of a student under Section 504 or the IDEA (Individuals with Disabilities Education Act). No coercion, discrimination, or other reprisals of any kind will be taken by the Board or by an employee of the school system against any student or student’s parent, or against any other student or employee participant or witness because of his or her participation in a grievance filed and decided pursuant to this policy and its administrative regulation.

C. RIGHT TO REPRESENTATION
Both Grievant and the person against whom the grievance is being filed may be represented at all stages of the formal grievance procedure by a third party representative whose role and type of participation shall be determined by the parties of interest.

D. FILING A FORMAL GRIEVANCE
The following steps outline the formal grievance procedure for school-based matters that do not involve the principal. Only the parent, legal custodian, or person acting in loco parentis for a student may file a grievance using this procedure.

1. Within twenty (20) days following the event or condition that is the basis of the grievance, the individual may file a written grievance form, including all information requested on the form, at the Office of the Principal. See Exhibit 1740/4010-A, Formal Grievance Form.

   e. the signature of the grievant.
3. The Principal or designee will indicate receipt of the grievance within two (2) work days, and will begin investigating the grievance.

5. The Principal shall convene the meeting after investigation and hear from the Grievant and any other parties with information relevant to the grievance. The principal can consider the written statements of others in conducting the meeting.
6. The Principal shall then make written findings and conclusions within five (5) days of the meeting with the grievant.
7. The Principal shall also create a record of the evidence considered by the Principal in the determining the outcome of the grievance.
8. In the event that the Grievant is still not satisfied with the outcome of the grievance or a timely response is not received, he/she may file the Formal Grievance Appeal Form to the Principal’s School Support Officer (SSO). (Please note: School Support Officers and addresses may be found on the GCS website staff directory, www.gcsnc.com, or by calling the Chief of Schools’ Office at 336-370-8106.)

9. The SSO will then follow steps three (3) through eight (8), and will adhere to the same timelines.

10. In the event that the Grievant is still not satisfied with the outcome of the grievance or a timely response is not received, he/she may file the Formal Grievance Appeal Form to the Chief of Schools, 712 N. Eugene Street, Greensboro, NC, 27401.

11. The Chief of Schools will then follow steps three (3) through eight (8), and adhere to the same timelines.

E. APPEALS FROM A FINAL ADMINISTRATIVE DECISION
A matter that is properly appealed to the board in accordance with the grievance procedure established by the Superintendent shall be heard by a panel of two members of the Board of Education appointed by the Board Chair, or by the full Board, at its discretion. Reasonable efforts will be made to hear the appeal within 20 days after receipt of the appeal and upon at least five days’ notice to the grievant.

All hearings will be conducted pursuant to policy 2500, Hearings Before the Board. The Superintendent may establish procedures for the exchange of materials prior to the hearing and may establish the order of presentations and the time allotted to the respective parties at the hearing.

The Board or Board panel acting on behalf of the Board will provide a final written decision within five days of the hearing unless further investigation is necessary, or the hearing necessitates that more time be taken to respond. ADMINISTRATION OF MEDICATIONS TO STUDENTS (JGCD/JGCD-P)

The Guilford County Board of Education recognizes that under certain circumstances it will be necessary for students to take medication during school hours or after school hours while participating in extra-curricular activities or tutorials. The General Statutes permit public school employees, when given the authority by the Board, to administer medication prescribed by a doctor upon written request of the parent/guardian. The Board authorizes school system personnel to administer medications in the case of a student who has a chronic health problem, or a student with an unusual health problem where emergency measures may be required. School staff may administer medication to students at school only if the health care provider deems it necessary for the medication to be given during the school hours and if a parent/guardian requests it in writing. Medication shall be administered in accordance with the health care provider’s instructions and established procedures.

The school will assume no liability for students who self-medicate or for the transportation of medication to and/or from school. The school and its personnel and the Board of Education will assume no liability for complications or side effects of medications when administered in accordance with the instructions provided by the parent/guardian and health care provider.

A student with asthma or a student subject to anaphylactic reactions, or both, may possess and self-administer medication as prescribed for treatment during the school day, at school sponsored activities or while in transit. The student must demonstrate to the school nurse, or the nurse’s designee, the skill level necessary to use the asthma medication and any device that is necessary to administer the medication. The student’s parent or guardian must provide written authorization including medical verification as outlined in JGCD-P.

The Superintendent shall establish administrative procedures for the implementation of this policy.

JGCD-P

Medications administered during school hours by school personnel should be kept to a minimum. The child in need of medication to sustain his/her maintenance in school is the child with a chronic health problem, or a child with an unusual health problem where emergency measures are indicated. The policy and procedures are intended for this type of child in the school setting.

I. IT IS THE PARENT OR GUARDIAN’S RESPONSIBILITY TO:
• Provide to the school the medication in an appropriately labeled container which includes the student’s name, the name of the medication, the unit
dosage to be given and the time and method of administration.

- Provide new containers with appropriate labeling when medication changes are made, and to remove medications from school premises when they are discontinued by the health care clinician. (Note: A health care clinician is defined as a licensed health care provider who can prescribe medication under North Carolina statute.)

- Ensure that the “Authorization of Medication for a Student at School” form is completed, signed by the health care clinician and parent/guardian and returned to school. (Note: The health care clinician may use another format [letter, computer printout, etc.] to authorize the administration of medication as long as all information requested in the “Authorization of Medication for a Student at School” form is provided.)

- Inform the school in writing if he/she wishes to withdraw authorization for medication to be given at school. The withdrawal of authorization is documented on the “Authorization of Medication for a Student at School” form.

- Remove medication from school premises at the end of the school year.

II. IT IS THE RESPONSIBILITY OF THE SCHOOL ADMINISTRATION TO:

- Take reasonable measures to ensure that the medications are kept in a secure place.

- Ensure that one or more persons shall be designated the responsibility for security and/or administration of the medication. A backup person may be needed in the absence of the person designated to administer the medication. (Note: Administration of medication is defined as giving the medication directly to the student and observing the student taking the medication.)

- Maintain confidential records of the administration of the medication to the student and document any errors made in the administration of medication. See attached forms: “Medication Log”, “Authorization of Medication for a Student at School” form, and “Documentation of Medication Error” form.

- Maintain a file for each student who is receiving medication during school hours, and review the file periodically with the school nurse to assure effective monitoring of the child’s medication need.

- Maintain the “Authorization of Medication for a Student at School” forms as part of the student’s medication files.

- Maintain “Medication Log” and “Authorization of Medication for a Student at School” forms under the supervision of the principal for three school years.

III. IT IS THE RESPONSIBILITY OF THE SCHOOL NURSE TO:

- Monitor the administration of medication program under the direction of the principal.

- Serve as the primary resource for clarification of any questions arising from personnel administering medications. The nurse will contact the health care clinician involved for further instructions if in his/her judgment there is a problem.

IV. CHRONIC HEALTH PROBLEMS

When students are subject to unusual health problems such as: allergic reactions to bee stings or specific foods; insulin reaction or diabetic coma; epileptic seizure, asthma, or other documented medical conditions it is the parent’s/guardian’s responsibility to assure that the school administration is aware of the situation and prepared to employ the emergency measures indicated. The school administration, parent/guardian and the school nurse will assure that an Emergency Care Plan is developed for the child, and that written permission is given by the parent or guardian to institute emergency or first aid procedures. It should include authorization for medication and written instructions from a health care clinician for the immediate care of the child; the after care of the child will be determined by the health care clinician who sees the child either in the office or in the emergency room. When an order for “as needed” medication is given, school personnel shall consult with the school nurse to develop a specific plan as authorized by the student’s health care clinician.

V. STUDENT ADMINISTERED MEDICATION

- If there is a child who may need an injection in an emergency situation for a severe allergic reaction, the school nurse shall train at least two (2) individuals at a school in the correct procedures to administer the injection.

- Students may possess and self administer certain emergency medications with a health care clinician’s authorization. A student must demonstrate to the school nurse the skill level necessary to use the medication and devices, such as inhalers or epinephrine auto-injector, needed to administer the medication.
SCHOOL NURSE

The School Health Nurse is a part of a team of nurses within the Guilford County Department of Health and Human Services—Public Health Division that provides students with primary and preventive nursing care. As the health services expert in your child’s school, the School Health Nurse takes a lead role in detecting and addressing health problems, educating students and staff on health issues, and helping to manage the care of students with chronic illnesses and other special health care needs. The nurse supports student learning by working with the students, school staff, parents, healthcare providers and the community.

A nurse is assigned to each school. Parents can reach the nurse by calling their child’s school or the Guilford County Department of Health and Human Services—Public Health Division at 641-3896 in Greensboro, or 641-7802 in High Point.

DIABETES

Parents of students who have diabetes should notify the school staff of their child’s health status. A Health Care Plan will be completed for each student to ensure appropriate care. The school nurse will consult with the parent, medical professionals and school staff to develop that plan.

DENTAL AND VISION SCREENINGS

Dental and Vision screenings are provided to students in cooperation with the Guilford County Public Health Department and other trained individuals. Students in grades K, 1, 4 & 7 receive vision screenings from Guilford County Public Health School Nurses and trained volunteers. Dental Screenings of students in Kindergarten are conducted by a Dental Hygienist from the Guilford County Public Health Department.

SECRET SOCIETIES (JHCAA)

The Guilford County Board of Education prohibits the formation of secret societies and directs principals to take steps to disband any such groups already formed and to prevent their formation in the future.

STUDENT RECORDS (JR/JR-P)

The Guilford County Board of Education shall maintain a cumulative record for each student attending its schools. Cumulative records shall be in the custody of the principal of the school which the student attends. If a student no longer attends a school within the district, the cumulative record shall be kept at a location designated by the Superintendent and the Superintendent (or his/her designee) shall be the custodian.
DEFINITION OF OFFICIAL RECORD
Student records are defined to be all official records, files and data directly related to students, including all material that is incorporated into each student’s cumulative record folder, and intended for school use or to be available to parties outside the school or school system and specifically including but not necessarily limited to identifying data, academic work completed, level of achievement, grades, attendance data, standardized intelligence, aptitude and psychological tests, interest inventory results, health data, family background information, teacher or counselor ratings and observations, and verified reports of serious or recurrent behavior patterns. Personal notes of teachers or of other professionals are not considered a part of the official record.

DIRECTORY INFORMATION
The Guilford County School District has designated items to be included in directory information to include:

- student’s name
- major course of study
- date and place of birth
- participation in officially recognized activities and sports
- weight and height of members of athletic teams
- dates of attendance (date of enrollment through date of withdrawal or graduation)
- degrees and awards received
- date of graduation
- most recent previous educational agency or institution attended

The Guilford County Board of Education does not designate a student’s home address, telephone number, email address or parents’ names as directory information.

Parents/guardians or eligible students may refuse to permit the designation of any or all of the categories of personally identifiable information with respect to that student as directory information. The parent/guardian or eligible student must inform the Guilford County School District in writing within thirty days of the opening of school each year that such personally identifiable information is not to be designated as directory information with respect to that student and should not be released without their prior consent. If a parent/guardian or eligible student waits until after this time period has elapsed, the Guilford County Schools will honor such requests for future disclosures.

Each year, Guilford County Schools will notify the student’s parents or the eligible student him/herself what information will be included as directory information, what their rights are under FERPA, and that they have a right to complain about violations to the Department of Education. This information will be sent in writing to parents of currently enrolled students during the first week of school through the student handbook. If the parent or guardian does not notify the school otherwise, the following will be considered directory information:

The Board of Education directs the Superintendent to develop procedures consistent with State and Federal law to protect the confidentiality of student records and to allow access to student records as appropriate for educational and other designated purposes. Those procedures should include procedures for protecting the social security numbers of students and for challenging material in a student record, allowing access to student records, notifying parents and students about the right to protect directory information from disclosure and other procedures necessary for the administration of this policy.

JR-P

Right to Access
A parent/guardian or eligible student has the right to access the student’s official record. An eligible student is defined as one who is 18 years of age or older. Parents/guardians have the right to see official records of their children from pre-school until the student has attained eighteen (18) years of age or is attending an institution of post-secondary education.

Parents/guardians or eligible students who wish to inspect and review the cumulative record shall submit a request in writing to the principal of the student’s school. Upon receipt of the request for review of the records from a parent/guardian or an eligible student who has a right to inspect the records, the principal shall schedule a time and place for the review. The appointment date should be as early as possible but never later than 15 days after the request was made. The inspection and review shall be made in the office of the principal or at another place designated by the principal.

A school official competent in interpreting student records shall be present to explain the implications of the records that are examined.

CHALLENGING THE RECORD
Parents/guardians of a student who has not yet reached the age of 18 and an eligible student have the right to challenge the content of records in the cumulative record of the student. The parent/guardian of an eligible student may not challenge a teacher’s grade other than to question the accuracy of the record.

A parent/guardian or student who believes that information contained in the cumulative record is inaccurate, misleading or otherwise violates the rights of the student may request, in writing, that the records be amended by the principal of the school where the records are kept. This request must be made
within ten days following the parent/guardian/student inspection of the record. Not later than five school days after receiving a request to amend, the principal shall schedule a meeting with the parent/guardian or eligible student to review the contested data. If the data are adjudged to be inaccurate, misleading or inappropriate, the principal shall delete or remove the contested data. If the principal finds that the challenge is not justified, the data shall remain in the student record and the person who made the request shall be informed of the right to request, in writing, a hearing before the Superintendent or the his/her designee. If a parent/guardian or eligible student requests a hearing, the hearing officer shall set a date for the hearing as soon as possible but no more than 10 school days after the request for the hearing was made and shall give the parent/guardian or the student at least two school days advance written notice of where and when the hearing will be held. At his/her own expense, the parent/guardian/student may be assisted at the hearing by an attorney or anyone else of his/her choice. The parent/guardian/student or counsel may present any relevant evidence at the hearing.

The hearing officer shall render a written decision within five school days after the hearing. The decision shall be based only on the evidence presented at the hearing and shall include a summary of this evidence and the reasons for the decision.

If the hearing officer decides that the information is not inaccurate or misleading or does not otherwise violate the rights of the student, the parent/guardian/student shall be notified of that decision. At the same time, the parent/guardian/student shall be informed of the right to submit to the principal of the school where the records are kept, a statement of reasonable length explaining the objections to the information contained in the records. This explanation submitted by the parent/guardian/student shall be placed in the cumulative record of the student to be disclosed by the school whenever the contested portion of the cumulative record is disclosed.

By mutual consent of the parties, any time limits set forth in this policy may be waived or extended.

**ACCESS WITHOUT CONSENT**

The consent of the parent/guardian or eligible student is required prior to the release of records, except under the following conditions:

a) School personnel employed by the Board who have legitimate educational interests in them and who are directly involved in working toward either the affective or cognitive goals of the system.

b) School personnel from other local education agencies in which the student seeks or intends to enroll. Parents will be notified of the records released by board policy or individual contact.

c) Certain authorized representatives of the state and federal governments as provided according to federal regulations including those affiliated with financial aid programs, accrediting organizations, and federal program auditors.

d) When required by a judicial order upon condition that parents/guardians or eligible students are notified by the Guilford County Schools of all such orders in advance of the compliance. Parents/guardians or eligible students shall be afforded the opportunity to review and challenge the student’s records prior to compliance of the school with the judicial order.

e) When required by appropriate persons to protect the health and safety of the student or other persons in extreme emergencies.

f) When the request is for directory information, directory information is defined as the student’s name, place and date of birth, major course of student, participation in sports and other official school activities, height and weight of an athletic team member, date of graduation, dates of attendance (date of enrollment through date of withdrawal or graduation), degrees and awards. The administration will provide notice to parents/guardians of their right to maintain the confidentiality of directory information. Parents/guardians will be afforded a specified time in which to notify the administration in writing that they wish to maintain the confidentiality of directory information.

g) Certain persons or organizations conducting studies for or on behalf of the Guilford County School District or another educational agency to develop or validate predictive tests, administer student aid programs, or improve instruction. Any report released on the basis of data collected under this paragraph may not include information that personally identifies students or their parents.

In all other instances, persons may gain access to a student’s record only with the specified written consent of the parent/guardian or eligible student. Recipients of student records should be cautioned that student information may not be released to third parties without the consent of the parent/guardian or eligible student.

**ACCESS AND MAINTENANCE**

The official record of each student enrolled in the Guilford County School District shall be permanently maintained by the school district. Prior to graduation, student records will be housed at the school of enrollment; graduate records, inactive records, and withdrawals will be sent to the Student Records Office for processing when requested by the Student Records Office. These cumulative records will contain adequate identification data including date of birth, academic work completed, level of achievement (grades, standardized achievement test scores), attendance data, scores on standardized intelligence, aptitude and psychological testing, interest inventory results, medical health records, and family background data.
The Family Educational Rights to Privacy Act (FERPA) gives parents/guardians of students under the age of eighteen the right of access to all educational records kept about their child. Once he/she becomes eighteen or attends an institution of post-secondary education, the student him/herself becomes eligible to see all of his/her educational records except financial records of his/her parents or confidential letters of recommendation placed in the file before January 1, 1975. Any letters of recommendation placed in the file after January 1, 1975, may be viewed unless the student has waived his/her right to see them. All schools will maintain a “checkout” and return of any records requested and reviewed. Records are not to be taken out of the records office.

RECORDS NOT CONSIDERED A PART OF THE OFFICIAL SCHOOL RECORDS
Professionals (such as principals, teachers, school counselors, school psychologists, school social workers and school health personnel) working in the school may maintain personal and confidential notes or other memory aids for their own use in working with students. These notes are considered to be the personal property of the professional, are usually housed in his/her own file, and should be guarded by professional ethics. Privileges of confidentiality shall be protected and maintained in accordance with state and federal laws.

DIRECTORY INFORMATION
The Guilford County School District has designated items to be included in directory information in the STUDENT RECORDS Policy JR. Parents/guardians or eligible students may refuse to permit the designation of any or all of the categories of personally identifiable information with respect to that student as directory information. The parent/guardian or eligible student must inform the Guilford County School District in writing within thirty days of the opening of school each year that such personally identifiable information is not to be designated as directory information with respect to that student and should not be released without their prior consent. If a parent/guardian or eligible student waits until after this time period has elapsed, the Guilford County Schools will honor such requests for future disclosures.

Each year, Guilford County Schools will notify the student’s parents/guardians or the eligible student him/herself what information will be included as directory information, what their rights are under FERPA, and that they have a right to complain about violations to the Department of Education. This information will be sent in writing to parents of currently enrolled students during the first week of school through the student handbook. If the parent or guardian does not notify the school otherwise, the following will be considered directory information:
- student’s name
- major course of study
- date and place of birth
- participation in officially recognized activities and sports
- weight and height of members of athletic teams
- dates of attendance (date of enrollment through date of withdrawal or graduation)
- degrees and awards received
- date of graduation
- most recent previous educational agency or institution attended

The Guilford County Board of Education does not designate a student’s home address, telephone number, email address or parents’ names as directory information.

RELEASE OF DIRECTORY INFORMATION AND OTHER STUDENT INFORMATION
Directory information on students may be utilized or released by the school or school district after proper notice and the opportunity to object has been given annually to the parent, guardian or eligible student. The Board does not consider and will not make public any non-directory information such as the student’s address, telephone number, picture/likeness, social security number or parent/guardian’s name or email address except for educational purposes to groups who foster the educational purpose of the district.

The notice of request for directory information should be made in writing directly to the school principal or student records department, whichever may be appropriate. The request should identify the specific student(s), or group(s) of students for which the directory information is being requested, along with the purpose and intended use of the information.

The requester (person, organization or institution requesting the information) should allow two to three weeks for the school district to approve (or disapprove) the request, and to compile and provide the information requested. For in-depth, voluminous or “unusual” requests, more processing time may be required along with a nominal fee for gathering such information. The decision to impose a fee should reflect the estimated actual cost of gathering the information.

EDUCATIONAL SOURCE INFORMATION OF DIRECTORY AND OTHER STUDENT INFORMATION
Student directory information may be provided to requesting post-secondary educational institutions that are accredited by a recognized accrediting agency or licensed by the state in which they are located, for the limited purpose of providing information to seniors about academic programs and requirements, tuition, scholarships, etc., as well as to nonprofit and/or business organizations or people for purposes that have been approved by the district. No directory or other personal student information will be collected or released for the purpose of marketing or for selling that information (or otherwise providing
that information to others for that purpose) without the written consent of the student (if eligible to give such consent) or the student’s parent.

Similar lists and information may also be provided to various branches of the armed forces for the purpose of providing information to students about careers and educational opportunities in the military provided the parents of the student or the student, if emancipated, consent.

Directory information may also be provided to a person, group or organization responsible for promoting, or contacting past graduates in conjunction with class reunion or alumni activities through the respective school. No notice is required for the release of the names and addresses of students who have graduated from the school system. The requester (person, group, or organization requesting the information) should contact the respective high school for the information and allow a minimum of three to four weeks for the school to compile the information. In certain instances, the school may require additional time to compile the information.

ACCESS WITHOUT CONSENT
The following individuals, institutions and/or agencies may access non-directory information without parental/guardian or eligible student consent for disclosure:

a) school officials with legitimate educational interests in the records
b) officials of a school to which the student is transferring
c) federal/state educational officials
d) educational institutions inquiring about the student’s application for financial aid
e) state/local officials to whom disclosure is required by state law and in accordance with federal law
f) organizations conducting studies for testing or improving instruction
g) accrediting organizations
h) parents of a dependent student

Information contained in a cumulative record is also shared without parental consent in response to health or safety emergencies.

RELEASE OF INFORMATION
Written or electronic consent of the parent, guardian, or person standing in loco parentis, or eligible student must be presented for the release of the student’s record or any information therein to any individual, agency, or organization not included in the above Access Without Consent section.

ACCESS PURSUANT TO SUBPOENA OR COURT ORDER
Information from a student’s record should be furnished without the parent’s or student’s consent when required by a judicial order or any lawfully issued subpoena upon condition that parents/students are notified by the Guilford County Schools of all such orders or subpoena in advance of the compliance. Parents/legal guardians or eligible students should be provided with the opportunity to review and challenge their child’s records prior to compliance of the school with the judicial order or subpoena.

The following school personnel have access to cumulative records and other student records when they have a legitimate responsibility related to the child’s education:

• Superintendent
• Chief of Staff
• Senior Staff and Cabinet Level Administrators
• Associate/Assistant Superintendents
• Executive Directors
• Directors
• Supervisors/Instructional and Program Specialists
• Principal
• Assistant Principal(s)
• School Counselor(s)
• School Psychologist
• School Social Worker
• School Nurse
• Speech Therapist
• School Based Committee Chairperson
• Teachers
• Other Designated School Staff

SECURITY, MAINTENANCE, AND STORAGE
It is the responsibility of the principal or designee to ensure that student records are maintained and stored in a confidential manner in a secure location. The principal or designee has discretion to establish how records will be stored within the school office so as to best maintain confidentiality and accommodate the needs of staff to access records to perform professional responsibilities. A recommended method of protecting records is storing them in a designated records room with metal file cabinets.

It is recommended that schools designate a certified person to be responsible for record maintenance and access and for educating staff about maintenance and access policies. All school personnel having access to records should receive periodic training in security, with emphasis upon privacy rights of
students and parents.

Social security numbers will not be reprinted for any purpose other than as required or permitted by law. No more than five digits of a student’s social security number may be used for identification purposes. Records should be kept under lock and key at all times, under the supervision of the designated certified staff member.

ACCESS PROCEDURES
Examination of a student’s educational record will be subject to the following regulations:

1. Adequate proof of identity must be shown by the individual seeking access.
2. A request in writing is needed.
3. The contents of the educational records are to be examined only in the presence of a school official competent in interpreting student records.
4. A student’s parent, guardian or person standing in loco parentis may request and schedule an appointment to examine the contents of the educational record at any reasonable time (within 15 days of the initial request) until the student reaches age eighteen (18) or is attending an institution of post-secondary education.
5. A student who has attained eighteen years of age or is attending an institution of post-secondary education may request and schedule an appointment to examine the contents of the educational record at any reasonable time (within 15 days of the initial request).
6. A student’s parents who are separated/divorced follow the procedure as described in 1, 2, 3 and 4 above, unless the parent who is the legal custodian provides legal documentation (divorce judgment/separation agreement that specifically denies access or court order that terminates parental rights) to close records to the non-custodial parent.

DESTRUCTION OF STUDENT RECORDS
Schools should routinely purge student records to discard outdated information. Records may not be destroyed when a parent or student has asked to see them and has not yet done so. No statement disagreeing with a particular record may be destroyed unless the record it refers to is also destroyed.

CONFIDENTIALITY REQUIREMENT OF THIRD PARTIES HAVING ACCESS
All personal information provided about any student to third parties by the school system must be on condition that the agency or person receiving the information will not permit any other party to have access to the information without written consent.

RECORD ACCESS
The Family Educational Rights to Privacy Act (FERPA) requires that the school district keep a record (inspection log) of all non-school based persons who were granted access to students’ records.

FEES FOR COPYING STUDENT RECORDS
Former students/alumni can request their records for a fee. There is no fee for transcripts for current students. No student records, report card, diploma may be withheld because of non-payment of any fee or charge.

EXCEPTIONAL CHILDREN’S RECORDS
The Guilford County School District will comply with Procedures Governing Programs and Services for Children With Special Needs. All procedures specifically outlined for the official school record will be maintained for exceptional children’s records also. The following process should be followed with ECS records.

Within each ECS file, the following documents will be photocopied separately and cross-referenced through a database with the corresponding permanent school record:

a) initial parental permission for screening and evaluation
b) most current parental permission for screening and evaluation
c) results of initial evaluation necessary for placement
d) results of most current evaluation necessary for placement
e) initial parental permission for placement or parent notification of removal
f) most current parental permission for placement or parent notification of removal
g) initial individualized education program
h) most current individual education program
i) status of referral if evaluation is not completed
j) initial re-evaluation and most current re-evaluation of placement

Each sending school is responsible for placing the above documents at the front of the ECS record prior to transferring the record to the Student Records Office. These documents should be so organized for Graduated, Inactives, Withdrawals and Transfers outside of the Guilford County Schools.

TRANSFER RECORDS OUTSIDE THE SCHOOL SYSTEM
A copy of the following data should be retained permanently by the local school district upon the transfer of the student:

a) student’s name and identifying information (including names and address of parents or guardian), verified birthdate, and birthplace
b) dates of attendance
c) name and address of the school to which student transferred or date of graduation

d) date records were transferred

e) student’s grades and test information

f) student’s immunization and other health data

g) an inspection log of all non-school based personnel

Note: Notification of the parents’ right to access a student’s record is included in the student handbook published each year.

Each school is responsible for forwarding the original Permanent School Record of any student (Grades K-12) transferring outside of the administrative unit to the Student Records Office at the Central Office at 120 Franklin Blvd., in Greensboro. These records can be sent through the local courier system. The Student Records Office will record these records on a database before microfilming the record and forwarding the original record to the requesting school within five working days (barring any unforeseen circumstances that would hinder this process). Written requests from the school to which the student transferred for school records will be required. A Transfer of Records Checklist will accompany each school record sent to the Student Records Office. This checklist shall be used to verify that each of the above documents is included in the Permanent School Record before sending the record to be microfilmed. All records should follow the uniform order on the Transfer of Records Checklist. The receiving school will sign the Transfer of Records Checklist to verify that it received the entire record and return the yellow copy to the sending school.

**MILITARY RECRUITMENT**

Under the No Child Left Behind legislation, public schools are required to provide military recruiters with lists of secondary school students’ names, addresses and telephone listings. These are to be used for recruiting purposes and for informing young people of scholarship opportunities.

The legislation does give secondary school students and parents the option of requesting that the student’s name, address and telephone number not be shared with military recruiters. Parents and students who choose this option should inform the school in writing within 30 days of the opening of school each year that information on their students should not be given to military recruiters (GCS Military Opt-Out Request Form). If a parent/guardian or eligible student waits until after this time period has elapsed, the Guilford County Schools will honor such requests for future disclosures.

**SCHOOL HEALTH EDUCATION PROGRAM:**

**REPRODUCTIVE HEALTH AND SAFETY EDUCATION**

Health and Physical Education is required as part of the curriculum adopted by the State Board of Education. Health Education includes topics such as mental and emotional health, personal and consumer health, interpersonal communications and relationships, nutrition and physical activity, and alcohol, tobacco, and other drugs. Physical Education includes categories such as motor skill development, movement concepts, health related fitness, and personal/social responsibility.

The nature of Health Education often includes discussion of sensitive topics. In these situations teachers are trained in appropriate content, as well as proper teaching methods. In particular, parents/guardians are advised that (1) puberty is taught in the fourth, fifth, and sixth grade curricula and (2) sexual abstinence until marriage, risks of premarital sexual activity, the prevention of unintended pregnancy and sexually-transmitted diseases, sexual assault and abuse, sex trafficking prevention and awareness, methods of contraception, and reproductive health and safety are taught in the seventh through high school curriculum. Parents/guardians will be notified of specific times when the curriculum/instructional materials which will be used may be reviewed at their child’s school.

**SUMMARY OF TESTING PROCEDURES BY TESTING PROGRAM**

**END-OF-COURSE TESTING PROGRAM**

**General Description**

Students enrolled in courses that result in credit for Math 1, Math 3, Biology and English II, are required to participate in the EOC tests. Each student shall take the appropriate EOC assessment the first time the student takes the course even if the course is an honors or Advanced Placement course. Students may drop a course with an EOC assessment within the first 10 days of a block schedule or within the first 20 days of a traditional schedule. Students who are enrolled for credit after the 10/20 days must participate in the appropriate EOC.

**Purpose/Use**

The EOC tests were developed by the NC Department of Public Instruction to: provide an accurate measurement of individual student knowledge and skills specified in the NC Standard Course of Study; and provide an accurate measurement of the knowledge and skills attained by groups of students for...
school, school system and state accountability. Results of these tests are reported as a final exam grade and are required by the state to count as at least 20% of the student’s final grade. Middle school students taking EOC courses also have their exam count 20% of the final grade.

When Administered
The test window for EOC tests is the last 5 days for semester courses and the last 10 days for traditional schedule.

Make-up Administrations
Make-up testing is completed immediately following the regular administration of the EOC tests. Each school will establish a schedule indicating date and time for makeup testing.

What if I miss make-ups?
After scoring is completed, there are no additional opportunities to take the tests.

Can I take my EOC early?
Certain situations involving military deployment or medical issues will be considered for early testing or exclusion by the NCDPI on a case-by-case basis. Students who miss the regularly scheduled EOC are permitted to take the test during the makeup period.

NC FINAL EXAMS

General Description
Students enrolled in certain non-EOC high school courses and some students in grades 6-8 are required to participate in the appropriate NC Final Exams. NC Final Exams measure students’ academic progress in the North Carolina Standard Course of Study.

Purpose/Use
NC Final Exams scores (along with any other relevant EOC or EOG assessment scores) will be used in the Educational Value Added Assessment System (EVAAS) to produce student growth measures to satisfy Standard 8 of the North Carolina Educator Evaluation System. Final Exams were developed to replace locally developed assessments, providing teachers and principals with a common measure for all students state-wide during a given testing window. Regardless of the grade level in which a course is offered, student enrolled in high school courses in which NC Final Exams are required shall take the appropriate assessment at the completion of the course. For high school and middle school students, results of these tests are reported as a final exam grade and count as 20% of the final grade. Middle school students taking the NC Final Exam for 6th or 7th grade Science or 6th, 7th or 8th grade Social Studies may have their exam count as a regular test grade.

When Administered
The test window for NC Final Exams is the last 5 days for semester courses and the last 10 days for traditional schedule. The NCDPI reserves the right to grant additional days to complete end-of-year testing.

Make-up Administrations
Make-up testing follows the same schedule as EOCs and EOGs. Each school will establish a schedule indicating date and time for makeup testing.

What if I miss make-ups?
After scoring is completed, there are no additional opportunities to take the tests.

Can I take my NC Final Exam early?
Consideration for early testing or exclusion follows the same rules as EOCs and EOGs.

AMERICAN COLLEGE TESTING PROGRAM (ACT)

General Description
North Carolina administers the ACT Suite of assessments which includes WorkKeys. The new school accountability model starting in 2012-13 includes ACT scores for all eleventh grade students. The ACT test results from the state administration can also be used by students for college admission purposes. WorkKeys is administered as a career-readiness measure to students who are projected to graduate in the current school year and are identified as, or expected to be Career and Technical Education (CTE) Concentrators.

Purpose/Use
The ACT test assesses high school students’ general educational development and their ability to complete college-level work. The ACT has five subscores: four multiple-choice tests covering skill areas of English, mathematics, reading, and science; the Writing Test measuring skill in planning and writing a short essay.

When Administered
The ACT is administered once during the school year to all students enrolled in grade 11. The ACT is also administered at selected sites nationally. For these national administrations, students must pay and register by mail several weeks prior to the test date. Registration information is available in the school counselor’s office at each high school. In the U.S., the ACT is administered on seven national test dates: in September, October, December, February, April, June, and July. There is no charge for the state administration of the ACT and WorkKeys.

Make-up Administrations
There is one additional date provided for students who miss the initial test day of the state administration of the ACT. Special regulations have been established by the American College Testing Program concerning test dates and sites. The school test coordinator will be glad to contact ACT concerning any special considerations about an administration.

What if I miss make-ups?
There are no additional dates provided for the state administration of the ACT.
PRELIMINARY SAT/NATIONAL MERIT SCHOLARSHIP QUALIFYING TEST (PSAT)

General Description
The Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT or more often simply called the PSAT) is aligned with the redesigned SAT. This test measures the skills and knowledge that are essential for college readiness and success through sections on evidence-based reading, writing and language, and math.

Reading and writing skills are assessed by multiple-choice questions which address vocabulary in context, command of evidence, analysis of informational texts, expression of ideas and standard English usage.

Math sections have both calculator active and inactive sections and employ multiple-choice and "grid-in responses" to measure how well students understand and apply mathematics to new situations and non-routine problems.

Purpose/Use
The PSAT is used to help students practice for the SAT and to qualify for scholarships and recognition from such programs as the: National Merit Scholarships, National Achievement Scholarships for Outstanding Negro Students, National Hispanic Scholar Recognition Program, Student Search Service and some statewide and national industry scholarship competitions.

When Administered
The PSAT will be administered nationally on Wednesday, October 16, 2019 and Saturday, October 19, 2019. All students in grades 10 and 11 will take the PSAT/NMSQT on October 16, 2019 during the school day at no cost to the student.

SAT
General Description
The SAT is an optional test nationally administered by the College Entrance Examination Board (CEEB).

This redesigned SAT will measure the skills and knowledge that are essential for college readiness and success through sections on evidence-based reading, writing and language, math and an optional essay.

Students will be required to:
• Analyze challenging literary and informational texts, including texts in science, history, and social studies.
• Revise and edit extended texts to improve the way ideas are developed, organized, and expressed using Standard Written English conventions.
• Show command of math skills and use them to solve problems in science, social studies, and career-related contexts.
• Make careful and considered use of evidence as they read and write.
• Analyze data, including data represented graphically, in reading, writing, and math contexts.
• Demonstrate an understanding of vocabulary in context and how word choice affects meaning and tone.

Purpose/Use
The SAT is one of the admissions tests used by postsecondary institutions to assist in selecting students.

When Administered
In the U.S., the SAT is administered at selected sites on seven national test dates: in August, October, November, December, March, May, and June. Students must pay and register online or by mail several weeks prior to the test date. Registration information is available in the school counselors’ office at each high school.

Make-up Administrations
Special regulations have been established by the College Board concerning test dates and sites. The school counselors will be glad to contact the College Board concerning any special considerations about an SAT administration.

What if I miss make-ups?
Partial refunds are allowed. Consult the College Board Registration Bulletin or the SAT Program for further information.

ADVANCED PLACEMENT (AP)
General Description
The College Entrance Examination Board (CEEB) will coordinate the national administration of the Advanced Placement exams in the following areas:

Purpose/Use
Postsecondary institutions use Advanced Placement test results to help place students in the correct course level and to award credit for knowledge students have already attained. Taking Advanced Placement courses shows a
commitment to the highest academic level and makes students more attractive candidates for admission to colleges and universities.

The North Carolina Department of Public Instruction funds the cost of AP exams for all students enrolled in the corresponding AP course.

When Administered
Tests are generally administered in the morning and afternoons during two weeks in May. A specific schedule of when each test is given will be provided to schools during the fall of the year.

Make-up Administrations
Special procedures have been established by the College Board concerning the administration of AP exams. The school counselors will be glad to contact the College Board concerning any special considerations about an AP administration. Additional fees may be charged in some circumstances.

What if I miss make-ups?
Some refunds are allowed and some exams may be administered later. Consult the school counselor, who has copies of Advanced Placement Program regulations and procedures.

INTERNATIONAL BACCALAUREATE (IB)
General Description
International Baccalaureate (IB) is a highly disciplined academic option available at four Guilford County High Schools: Grimsley, Smith, High Point Central and Page. Students not enrolled at these schools but who wish to attend should apply and will be considered for transfer, under GCS Student Assignment guidelines. IB students begin the Diploma Program courses in the 11th grade, though they are encouraged to attend an IB school beginning in 9th grade. A student who withdraws from an IB program at a school they would not normally attend will be reassigned to their sender school. Each school has an on-campus IB Coordinator to assist and counsel students.

Purpose/Use
Involvement in International Baccalaureate courses shows a commitment to the highest academic level and makes the students more attractive candidates for admission to colleges and universities. Postsecondary institutions use International Baccalaureate test results to help place students in the correct course level and to award credit (in some cases) for knowledge students have already attained.

The North Carolina Department of Public Instruction funds the cost of IB exams for all students enrolled in the corresponding IB course.

When Administered
Tests will be administered in May. A specific schedule of when each test is given has been established. Students traditionally take one exam their Junior year and five their Senior year to achieve IB Diploma status.

Make-up Administrations
Students who miss or are unable to take a test will have the option of registering for a subsequent session, where additional fees are applicable. The school counselors or IB Coordinators will be glad to contact IB Americas concerning any special considerations about an IB administration.

What if I miss make-ups?
There are no refunds for IB testing. If you have questions, please consult the IB Coordinator at your school or your school counselor.

STUDENT PARTICIPATION IN EXTRACURRICULAR ACTIVITIES (JH)
The Guilford County Board of Education believes that students who participate in extracurricular activities at their school, including athletics, benefit from their participation in numerous ways. The goals of the Board of Education, in encouraging participation in extracurricular activities, are to:

1. Promote a sense of accomplishment;
2. Provide leadership opportunities;
3. Promote good sportsmanship;
4. Encourage self-discipline and individual responsibility;
5. Encourage cooperation and concepts of team building; and
6. Provide healthy outlets for competition and physical fitness.

Each school is expected to have an athletic director, coaches and sponsors who are familiar with the expectations of the Board of Education and any outside governing body (for example, National Honor Society). Where the NCHSAA is applicable, coaches and athletic directors are responsible for complying with the rules established for participation and with disseminating the rules to each student participant.

CONDUCT
Participation in extracurricular activities, including athletics, is a privilege, not a right. The Guilford County Board of Education expects all students who represent their school through participation in extracurricular activities to be good representatives of their school community. Students should dress, act and conduct themselves in a way that reflects positively on their school. Each student is expected to display good citizenship at all times. Taunting is expressly prohibited. Taunting includes actions or comments which are intended to bait, anger, embarrass, ridicule or demean others, whether or not deeds or words are vulgar or racist. Any student who fails to conduct himself or herself appropriately may have the privilege of participation limited or revoked.
ATHLETICS
Participation in sports is a privilege, not a right. Extracurricular sports are generally governed by the rules established by the North Carolina State Board of Education and the North Carolina High School Athletic Association. In addition to the rules established by NCHSAA, each Coach may have rules and expectations for the members of the team which shall be distributed to all players and parents at the beginning of the season. The Guilford County Schools Code of Conduct applies to all student-athletes on and off the field of play. All students who participate in athletics are subject to disciplinary consequences imposed by coaches.

ELIGIBILITY TO PARTICIPATE
A student may participate in school or district sponsored extracurricular activities only if the student is regularly enrolled in Guilford County Schools. A student who is suspended from school is not eligible to practice, play or attend any meeting during the time of suspension. If the suspension includes the last day of school before a vacation or weekend, the student becomes eligible the next calendar day after the last day of the suspension.

A student who is absent from school will not be allowed to practice or attend any meeting of the team or group on the day of the absence. Exceptions such as funerals, field trips, college visitations must be approved by the principal in advance.

TRAVEL
All students will be required to travel to and from events with the coach or sponsor and the team unless the coach or sponsor receives information directly from the parent or guardian that the student has permission to travel by other means. The Superintendent shall develop procedures for the implementation of this policy.

ATHLETIC ELIGIBILITY RULES AND REGULATIONS
Guilford County high schools abide by the North Carolina High School Athletic Association (NCHSAA) eligibility rules and regulations governing all sports and athletic activities including cheerleading. These rules and regulations can be found in the NCHSAA Handbook. Guilford County middle schools abide by the State Department of Public Instruction (SDPI) eligibility rules and regulations governing all sports and athletic activities including cheerleading. These rules and regulations can be found in the SDPI Handbook for middle/junior high athletics. Students are responsible for having knowledge of and meeting these rules and regulations. Coaches and school athletic directors can provide complete information regarding these rules and regulations.

The NCHSAA Handbook and SDPI Athletic Handbook may be accessed online at the following website: www.nchsaa.org for complete information on eligibility requirements. State regulations concerning eligibility to participate in athletics pertain to age, physical examinations, enrollment in school, attendance, academics, promotion to the next grade level and residence requirements. A brief overview of the eligibility requirements follows.

• Attendance: A student must have been in daily attendance 85% of the previous semester. Daily absences cannot be made up under any
circumstances for athletic eligibility purposes, even if a student attends Saturday classes, extra help sessions or any other means to make up academic work. (All absences count, regardless of reason, in determining athletic eligibility.)

- Academics: For athletic participation in grades 6 through 8 a student must pass at least one less course than the number of required core courses as well as pass five courses the previous semester.
- Promotion: For athletic participation in grades 6 through 8 a student must meet state and local promotion standards each semester. This includes the academic requirement listed above.
- Residence Requirement: A student is eligible to participate at the school to which they are assigned by the Board of Education. Transfers within the Guilford County Schools are governed by Board of Education policy.

**STUDENT ATHLETIC FEES**
The Guilford County Board of Education approved an athletic fee for middle and high school athletes.

**STUDENT PARTICIPATION IN INTERSCHOLASTIC ATHLETICS (JI)**
The Guilford County Board of Education endorses athletic activities that support students’ attainment of high academic achievement. The Board believes that student participation in interscholastic athletics should be contingent on student successes in school as measured by grade point average, attendance and conduct. Subject to law, local rules adopted by GCS and rules established by the North Carolina High School Athletic Association (NCHSAA) and the North Carolina Department of Public Instruction (NCDPI), high school students are eligible to participate in interscholastic athletics. Eligibility of students in the programs for exceptional children will be in accordance with local, state and federal guidelines. The Guilford County Board of Education has established standards for student eligibility and developed forms and assurances for students, parents, coaches and assistant coaches.

Violations of any standards established for athletic participation by students or their parents or guardians and/or any misrepresentation of any information submitted for athletic participation may result in the loss of the student’s eligibility to participate in athletics in Guilford County Schools, and, potentially, in any school sanctioned by the NCHSAA. Additionally, staff members who exercise direct or indirect influence upon prospective athletes in an attempt to influence an athlete’s choice of school assignment for the purpose of athletics or who otherwise violate any part of the rules regarding athletic eligibility will be subject to disciplinary action, up to and including termination of employment.

Grade Point Average and Eligibility to Participate in Athletic Activities
To be eligible to participate in interscholastic athletics, students participating in athletics must pass a minimum load as established by NCHSAA during the preceding semester and must meet GCS and State promotion standards. In addition to existing academic requirements, all students are required to earn a weighted GPA of 2.0 each semester. First semester eligibility is determined by the GPA earned during the preceding spring semester and second semester eligibility is determined using the GPA in the first semester of the same school year. First year freshmen are required to earn a weighted 1.50 GPA for the first semester in order to be eligible during the second semester. Beyond their first semester as freshmen, all students will be required to have a weighted 2.0 GPA. If the GPA for the spring semester falls below a weighted 2.0, but the GPA for both semesters combined is at or above a weighted 2.0, the student will be eligible for participation during the first semester. Freshmen upon first entering the 9th grade are academically eligible to participate in athletic activities.

**PROMOTION**
In addition to meeting the grade point academic eligibility required by GCS described above, the State and GCS require students to be promoted from the previous grade in order to remain academically eligible to participate in athletics. Each school has established promotion standards based on that school’s academic program consistent with the requirements of the State of North Carolina.

**ATTENDANCE**
GCS believes that regular attendance is a fundamental component of a successful educational experience and expects student athletes to meet attendance eligibility standards established for participation in interscholastic sports. Students must be present in school at least 85% of the school days each semester in order to remain eligible for the following school semester’s sports. The attendance rules apply regardless of whether the absences are excused or unexcused.

**SUMMER SCHOOL**
Courses taken during the formal July summer school program under guidelines established by GCS may be used to recover credit affecting athletic eligibility for the fall semester. Per NCHSAA guidelines, credits earned during summer school may be applied to the immediately preceding spring semester for athletic eligibility purposes.

**HARDSHIP WAIVER OF ACADEMIC ELIGIBILITY REQUIREMENTS**
Occasionally a student faces circumstances that are unforeseeable, unavoidable or out of the control of the student or his parent or guardian and that have the direct effect of rendering a student academically ineligible for participation in athletics. Additionally, although students with disabilities
ordinarily can and will meet all eligibility criteria, occasionally students with disabilities may have circumstances that prevent them from meeting eligibility criteria. If their ineligibility has a direct relationship to the student’s disability, the school may apply for a waiver.

GCS will consider whether it is appropriate to grant a waiver of the attendance or academic requirements for the semester at issue only. Hardship waivers will be considered at the request of the school administration of the school where the student is enrolled at the time of the request. The school administration shall follow the procedures established for consideration of a hardship waiver and will only be considered during the Hardship Waiver Period designated by the GCS Director of Athletics.

In order to be considered a hardship, the cause of the student’s ineligibility must be directly and materially as a result of causes outside the control of the student and his family such as a serious illness or family emergency or other unforeseeable and uncontrollable condition or, if a student has a disability that the student believes directly and substantially caused the student’s ineligibility, that may also be considered a hardship. The mere fact that a student has a disability, absent a direct relationship between the disability and the failure to meet the eligibility criteria, is not sufficient to establish a hardship. Consideration shall also be given to the potential effect of the commitment of time and effort required for athletic participation on the academic achievement of students for whom waivers are requested.

STUDENTS ASSIGNED A BASE SCHOOL
The Board believes that students should not be allowed to transfer from school to school for the purpose of participating in athletics. To that end, students will be assigned a “base” school for the purposes of athletic participation. The “base” school will be the student’s school of assignment according to the student’s domicile or administrative assignment as determined by GCS in their ninth-grade year or whenever they first enter GCS schools in high school.

Students who attend schools other than their base schools after the beginning of ninth grade and whose transfers were consistent with administrative procedures (JI-P), will not have a 365-day waiting period from the date of enrollment at the non-base school before they are eligible to participate in interscholastic athletics. Students who attend schools other than their base schools after the beginning of ninth grade and whose transfers are not consistent with administrative procedures (JI-P) will have a 365-day waiting period from the date of enrollment at the non-base school before they are eligible to participate in interscholastic athletics.

PROOF OF DOMICILE
Annually, prior to participation in a sport for the current school year, parents and students are required to complete a residence verification form and provide at least two documents as proof of domicile. Parents and students should be aware that they may have only one domicile at any one time. In order to establish domicile, they must be able to show that they reside at the address full time and permanently, that they have abandoned any previous domicile, and that they intend to indefinitely continue to reside at the domicile. Temporary or part-time residences will not be considered domiciles for purposes of school assignment or athletic eligibility.

Cases of alleged impropriety related to residence will be investigated by the Athletic Eligibility Committee, to be established by the District Athletic Director. If the Committee determines that the student was improperly enrolled, the student will lose athletic eligibility for a period up to 365 days and will be required to enroll in the appropriate school.

Students who apply for enrollment at any school using false information shall be prohibited from participating in any extracurricular activities, including sports, for 365 days. Students and parents who fail to timely update their domicile information may also be subject to a period of ineligibility up to and including 365 days.

SCHOOLS WITH NO ATHLETIC PROGRAMS
Several GCS high schools, including early colleges, middle colleges and Weaver Academy, among others, have no athletic programs. Students enrolled in these schools are permitted to participate in athletics at their base school without a waiting period.

STUDENT CONDUCT
A student who is suspended from school is not eligible to practice, play, dress out, travel or attend any meeting during the time of suspension. If the suspension includes the last day of school before a vacation or weekend, the student becomes eligible at their base school the next calendar day after the last day of the suspension. Students who transfer in lieu of completing or in the midst of serving a long-term suspension at their base school are not eligible to participate in athletics at their new school for 365-days.

A student who is absent from school will not be allowed to practice, play, dress out, travel or attend any meeting of the team or group on the day of the absence. Exceptions such as funerals, field trips and college visitations must be approved by the principal in advance.

The Superintendent shall develop procedures for the implementation of this policy.
VISITORS AT SCHOOL SPONSORED ACTIVITIES (KM)

The Guilford County Board of Education values the participation of parents and community in the activities of the schools and encourages adults to serve as role models for students. The Board welcomes visitors to the campuses of the schools and provides for opportunities to observe and learn about the educational programs, to use the facilities in compliance with policies designed for community use of our facilities, and to attend public events, including sporting events, musical and dramatic presentations offered to the public.

While visitors are welcome on campus, the paramount concern of the board is to provide a safe and orderly educational atmosphere in which disruptions and distractions are minimized. The Superintendent and each building supervisor may establish and enforce reasonable rules to address these concerns. In addition, the following requirements apply:

• All school visitors must report immediately to the administrative office at the school for permission to be in the school. Each principal is responsible for ensuring that signs are posted in the school to notify visitors of this requirement.

• Any personnel who see an individual in a school who has not received permission must either direct the individual to the office or notify the principal depending on the circumstances.

• Students shall notify a staff member of any unusual or suspicious behavior that may endanger safety. Staff must report immediately to the principal any student’s information or their own observation of such behavior.

• Visitors will not be allowed to distract the teacher from instruction or interrupt the instructional process.

• Spectators at events open to the public are expected to conduct themselves so as to model good sportsmanship and citizenship. This applies to student spectators as well as adult spectators. Spectators shall not:
  - Harass, degrade or heckle players, participants or referees;
  - Throw anything on the playing surface; and
  - Approach the coach of either team before, during or after the game unless invited by the coach to do so.
  - Student spectators who violate this policy are also in violation of the Code of Conduct and will be disciplined accordingly.

Any visitor to a school or school event who violates this policy will be asked to leave and may lose the privilege of coming on campus and/or attending school events in the future.

STUDENTS WITH DISABILITIES

All students with disabilities in grades 3-12 shall participate in the Student Accountability Standards to the extent possible. Students with disabilities may take an alternative assessment as outlined by the Individualized Education Plan (IEP) Team in accordance with established state procedures.

STUDENT ASSIGNMENT

The Guilford County Board of Education will adopt attendance zones for the schools within the district. School attendance zones shall be recommended by the Superintendent and adopted by the Board of Education, incorporating the guiding principles as noted in Section III.

I. STUDENT ASSIGNMENT AND TRANSFER WITHIN THE SCHOOL SYSTEM

A. Assignment

1. It is the intent of the Board that all students who qualify for admission to its schools shall be assigned to the schools in the attendance zone of their domicile. However, students may be assigned to schools based on administrative or programmatic issues such as specialized programs or classrooms, handicap accessibility, student safety, discipline or issues deemed in the best interest of the student and/or effective administration of the schools. An out-of-district student who has been accepted for admission shall be assigned to a school within a reasonable proximity to the student’s domicile that meets the best interest of the student and the orderly and efficient administration of the public schools. The district is under no obligation to furnish school transportation for students living outside the district.

2. Students whose parents, legal guardian, or legal custodian change their domicile within the school district during a school year may be permitted to complete the remainder of the school year in their present school location provided they meet the requirements stated in SCHOOL ADMISSION POLICY: JBC, furnish their own transportation, and pay tuition when applicable.

3. Students whose parents, legal guardian or legal custodian change their domicile to outside the county during the school year may be permitted to complete the remainder of the year in their present school location provided they meet the requirements stated in SCHOOL ADMISSION POLICY: JBC, furnish their own transportation, and pay tuition when applicable.

B. Transfers/Assignments within the School System

The Superintendent or his/her designee (Director of Student Assignment) shall have the authority to approve or deny requests for transfers/assignments...
based upon the following factors:

1. The best interest of the child includes but is not limited to:
   a. documentation of extreme and unusual hardship which affects the
      student’s achievement and/or behavior;
   b. sibling preference. In cases where a child in a family has been granted
      a transfer/assignment, preference will be considered for a sibling
      whenever possible; for high school student reassignments granted for
      a particular course of study, or high school option placements granted
      in accordance with Policy IEM and IEM-P, sibling preference will not
      be applicable.
   c. weighing factors such as: capacity of the school, capacity of the given
      grade level, a continuance of the family’s need that allowed the other
      child’s transfer/assignment to be granted, and continued enrollment of
      the other child at the requested school;
   d. documented child care situations;

2. The orderly and efficient administration of the public schools includes but
   is not limited to:
   a. Change of domicile during the school year. Students whose domicile
      changes from one school attendance zone to another within the district
      during the same school year may choose to complete that school year in
      the same school or attend school in the zone to which they have moved.
      If they elect to remain in the first school in order to complete that year,
      they shall be required to attend the school according to
      the zone in which they live at the beginning of the next school year.
      A student who is moving from one school and is a rising 5th, 8th,
      10th, 11th or 12th grader, may choose either to complete his/her
      elementary, middle or high school education in the school he or she
      is currently attending or to attend school in the new attendance zone.
      Students whose domicile has changed but who choose to complete
      the school year at their first school shall be responsible for their own
      transportation to and from school; and
   b. When the Board of Education adopts new attendance zones, the district
      will give students who will be in the 5th, 8th, 10th, 11th and 12th grades
      for the year that their schools’ attendance zones are scheduled to be
      implemented the option to remain in their previously assigned school
      or to attend their newly-assigned school. The District will not provide
      transportation to students who exercise the option to remain at their
      previously assigned school;

3. The proper administration of the school to which reassignment is
   requested includes but not limited to:
   a. school enrollment capacity; students will not be reassigned to schools
      that are identified as already exceeding core facility capacity or where
      appropriate class size will be jeopardized; and
   b. employee hardship. Employees of the school system may request a
      transfer for their children in order to facilitate the performance of their
      work and parental responsibilities. Employee-requested transfers
      may be granted after considering the convenience to the employee, the
      program and/or facility availability, and the concerns of the employee’s
      supervisor;

4. The instruction, health and safety of all students includes but not limited to:
   a. documented severe medical reasons;
   b. program availability (each case will be reviewed based on the
      educational intent for the student);
   c. safety issues as a result of past or threatened conduct or other
      documented concerns;

C. Procedure for Requesting Transfer includes but is not limited to:

1. Requests for transfers for the upcoming year must be made in writing to
   the Superintendent or the Superintendent’s designee (Director of Student
   Assignment) by the parent, legal guardian or legal custodian between
   May 1 and July 1;

2. Any documentation that the parent, legal guardian or legal custodian
   wishes to present to support the request for reassignment must be
   presented at the time of the original request. The Board of Education may,
   at its discretion, consider additional documentation regarding the request
   for reassignment;

3. The Superintendent or Director of Student Assignment shall notify the
   parents, legal guardian, or legal custodian of... 
   the request for transfer is disapproved, the notice shall be given to the
   applicant by certified or registered mail;

4. Transfers granted by the Superintendent or Director of Student
   Assignment only cover one school year. Applicants for a transfer must
   reapply each year; and

5. Except for changes of domicile during the year as noted in Section I.B.2.a.,
   once reassigned by the Superintendent, Director of Student Assignment
   or the Board, it is the intent to allow the student to remain in that school
   assignment through its highest grade in so long as the reason for the
   legitimate reassignment exists each successive year and is predicated on
   good attendance and behavior and on space availability. These items will
   be reviewed when the request form is submitted each year.

D. Appeal to the Board
If the application for reassignment or transfer is denied, the applicant may,
within five (5) days after receiving notice of the denial, apply in writing to the Director of Student Assignment for a hearing with a Board of Education panel and shall be entitled to a prompt and fair hearing on the question of the reassignment or transfer of the child to a different school. The Board of Education panel may, at its discretion, consider additional documentation regarding the request for reassignment. The hearing officer shall have responsibility for scheduling Board panel hearings. At the hearing, the panel shall consider the applicant’s written documentation as previously provided in Section I.C.2. and the applicant will be given ten (10) minutes to provide oral presentation to the panel citing why the initial decision was in error of supporting the reassignment request. Five (5) minutes will be allotted for the panel to pose questions. The applicant will then be excused and the panel will deliberate after receiving instructions and advice from designated counsel. The panel decision will be forwarded to the Board. The applicant will be advised of the decision following a meeting of the Board. Persons wishing to appeal their assignment requests to the Board shall be granted the opportunity to appeal each decision one (1) time during the school year.

To facilitate the efficient and effective administration of education to students, generally students will not be reassigned during the school year. In unusual circumstances such as medical emergency or extreme safety risk the Superintendent’s designee may assign a student to a school other than the original school of assignment for that school year. No appeal shall lie from a request for special assignment made outside the stated application period in Section I.C.1.

II. RELEASES TO OTHER SCHOOL SYSTEMS

A. The Superintendent or his/her designee (Director of Student Assignment) shall have authority to approve or deny requests for releases based upon the following factors:
   • documented medical reasons;
   • documented evidence of extreme and unusual hardship which affects the student’s achievement and/or behavior;
   • change of domicile during the school year; and
   • program availability.

B. Students whose parents, legal guardian, or legal custodian establish their domicile within the school district during a school year may be granted a release to complete the remainder of the school year in their present school location provided they pay any fees required by that school, and furnish their own transportation.

C. Students released to other school systems must meet financial obligations required by their new school systems and provide their own transportation.

D. Procedure for requesting release:
   1. Except in emergency circumstances affecting the health, safety or welfare of the child, applications for releases must be made to the Superintendent or his/her designee (Director of Student Assignment) by the parent, legal guardian or legal custodian between May 1 and July 1; and
   2. The Superintendent or his/her designee (Director of Student Assignment) shall notify the parents, legal guardian or legal custodian and the other school system of the decision in writing. If the request for a release is disapproved, the notice shall be given to the applicant by certified or registered mail.

E. Appeal to the Board
   If the application for release is denied, the applicant may, within five (5) days after receiving notice of the denial, apply to the Director of Student Assignment for a hearing with a Board of Education panel in writing on the question of the release of the child to a different school district.

III. ATTENDANCE ZONE CONSIDERATIONS

A. The school attendance plan for Guilford County Schools is designed to foster the mission of public education, to include promotion of higher levels of academic achievement and good citizenship development, by:
   1. Recognizing and valuing diversity;
   2. Using clearly defined boundaries, where practical;
   3. Working toward common feeder patterns throughout the district;
   4. Organizing schools in a K-5, K-8, 6-8 and 9-12 pattern generally;
   5. Seeking to avoid changing an attendance zone more often than every four (4) years; and
   6. Encouraging participation by all citizens in our schools.

B. The plan should serve the economic interest of taxpayers by:
   1. Efficiently utilizing transportation dollars;
   2. Anticipating needs for additional schools or additions to existing facilities in areas of high growth and communicating to the public these needs in a timely way;
   3. Anticipating and communicating to the public the need to have all facilities meet approved health, safety, environmental and educational standards applicable to public schools; and
   4. Seeking to utilize school facilities fully and efficiently.

NOTE: This Board Policy revises and replaces the previous Administrative Policy JBCC issued by the Superintendent 4-15-02.
STUDENTS IN TRANSITION

Students’ families may experience housing emergencies and crises. Support services are available for students in these transitional situations and who lack fixed, regular and adequate overnight lodging. These transitional situations are defined as:

- Living with a friend, relative or someone else because loss of housing
- Staying in a hotel, motel or campground due to lack of adequate alternative accommodations
- Living in an emergency shelter, transitional shelter or a domestic violence shelter
- Having a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings
- Unaccompanied youth living with a friend, relative or someone else due to being a runaway, being told to leave home or have been abandoned by parents/legal guardian

These services are provided under the McKinney-Vento Assistance Act, also known as Title X, Part C, of the No Child Left Behind Act. This is the primary piece of federal legislation dealing with the education of children and youth experiencing homelessness. It provides grants and legal protections so children and youth in homeless situations can enroll in, attend, and succeed in school and preschool programs.

In compliance with the McKinney-Vento Homeless Assistance Act, special outreach services are provided to students from homeless families who attend GCS schools. The program addresses the needs of K-12 students experiencing homelessness, focusing on academic challenges and family issues affecting academic performance. These children and youth have specific education rights which can be obtained from the Homeless and Transition Services office.

Students must be identified if they are to receive the full protection of the McKinney-Vento Act, including the help they need to enroll, attend and succeed in school. The law, therefore, requires all school districts, led by the local liaison and in coordination with school staff and other agencies, to identify students in homeless situations. Identifying students in homeless situations is also an important way to create greater awareness of homelessness in the school district and community.

A homeless student who is currently found in Guilford County must be enrolled immediately, even if the student is not accompanied by an adult and cannot provide proof of residency, school and immunization records, birth certificates or other documents.

Please contact the social worker, counselor or other school staff member at your child's school for information regarding support available for your child. You may also contact the Greensboro Housing Coalition at 336-691-9521 for information on services available for families experiencing homelessness.

INTRODUCTION TO THE CODE OF CONDUCT

Guilford County Schools (GCS) is committed to maintaining effective discipline in order to establish positive learning environments that ensure that every student has the maximum opportunity to receive appropriate education. GCS recognizes that establishing order and maintaining discipline in the school setting can be achieved only through the cooperative efforts of school personnel, students and parents/guardians.

State law addresses the responsibilities of teachers and principals as follows:

“It shall be the duty of all teachers, including student teachers, substitute teachers, voluntary teachers and teacher assistants when given authority over some part of the school program by the principal or supervising teacher, to maintain good order and discipline in their respective schools.” (G.S. 115C-307)

“The principal shall have the authority to exercise discipline over the pupils of the school under policies adopted by the local board of education in accordance with G.S. 115C-390.1 through G.S. 115C-390.12.” (G.S. 115C-288)

DISCIPLINE: A COOPERATIVE EFFORT

In addition to meeting the requirements of the law, the district expects all school personnel to promote effective instruction and discipline through fair and non-discriminatory treatment of all students, to display an attitude of respect for all students, to initiate cooperative working relationships with all students and parents/guardians, and to seek parental/guardian input in planning and implementing discipline plans. It is the responsibility of all school personnel to consistently and impartially enforce the rules and regulations of the school and classroom while protecting the constitutional due process rights of the students.

Students are encouraged and expected to conduct themselves in a manner that is conducive to effective learning and that respects the personal, civil, and property rights of all members of the school community. Students are expected to know and to follow the rules and regulations of the school and each classroom teacher. If a student has a complaint or concern, he/she is encouraged to discuss the problem with school personnel and parents/guardians and to seek changes in an orderly, responsible manner.

Parents/guardians are encouraged to maintain regular communication with school personnel concerning their child’s academic progress and conduct, to attend conferences scheduled at a time mutually convenient for all concerned, and to bring to the attention of school personnel any concern or problem that affects the education of their child. Parents/guardians are also expected to know and to encourage their child to follow the rules and regulations of the school and each classroom teacher.

To facilitate and promote cooperation between students, parents, and school personnel, the administration has established system-wide standards for the
that specified herein exercise his/her good judgment to apply a greater or lesser consequence than aforementioned circumstances, the principal is granted the authority to support consequences beyond the recommended measure. With the violations of the Code of Conduct shall be considered an aggravating factor in his/her Memorandum of Disciplinary Action (See Appendix C). Repeated justification a different punishment, he or she shall so specify the circumstances. In the event that a principal finds that mitigating or aggravating circumstances exist, the principal may refer the case to the superintendent for a determination. The Code uses a system of consequences and “ranges of consequences.” In the event that a principal finds that mitigating or aggravating circumstances justify a different punishment, he or she shall so specify the circumstances in his/her Memorandum of Disciplinary Action (See Appendix C). Repeated violations of the Code of Conduct shall be considered an aggravating factor supporting consequences beyond the recommended measure. With the aforementioned circumstances, the principal is granted the authority to exercise his/her good judgment to apply a greater or lesser consequence than that specified herein.

PREVENTIVE MEASURES
School administrators may use specifically trained canines to sniff school and students’ personal property at any time in an effort to detect the suspected presence of prohibited substances. When it is recognized that a student is behaving in a manner that indicates potential disciplinary problems, school personnel shall make reasonable efforts to initiate preventive measures. Possible preventive intervention procedures may include, but are not limited to:

- conferences with the student;
- conferences with the parents/guardians;
- periodic follow-up reports to parents/guardians; and
- referral to appropriate support personnel.

School personnel shall actively seek effective, positive methods and strategies to help each student learn to behave in a manner that is conducive to effective learning and that respects the rights of others. Each school principal shall systematically identify potential problem areas within his/her school that may contribute to discipline problems and shall work to maintain a positive school environment to minimize discipline problems.

CORPORAL PUNISHMENT, USE OF REASONABLE FORCE, SECLUSION AND RESTRAINT.

The district believes that a well-disciplined school system can be maintained without the use of corporal punishment. Therefore, the district prohibits the use of corporal punishment by principals, assistant principals, teachers, substitute teachers and any other school system personnel, student teachers or volunteers.

While the district prohibits the use of corporal punishment as a means of discipline, school personnel may use reasonable force to control behavior or to remove a person from the scene in the following situations pursuant to G.S. 115C-390.3:

- to correct students;
- to quell a disturbance threatening injury to others;
- to obtain possession of weapons or other dangerous objects on the person or within the control of a student;
- for self-defense;
- for the protection of persons or property; and
- to maintain order on educational property, in the classroom, or at a school-related activity on or off educational property.

Schools shall not use seclusion or restraint as a means of discipline except as provided by law. The Superintendent is directed to develop procedures regarding the use of seclusion, restraint and isolation.

proper conduct and behavior of students in the Guilford County Schools. The Handbook also sets out procedures for enforcing the Code and rights and responsibilities of students and parents in the event a disciplinary issue arises. This Code will be published annually in the Student Handbook. From time to time the practices and procedures change during the year. The Handbook is a guide. Updates to the Handbook and Code should be available at school sites and the administrative offices, in addition to our policy website.

GCS has broad jurisdiction over students enrolled in the system. Therefore, the Code shall apply to all facets of student behavior in the system before, during and after school hours while a student is at school in any school building and on any school premises. It shall apply: when students attend school-sponsored activities and while students are on or about any school-owned or operated vehicle and school-system contracted vehicles; while students are at designated bus stops; while students are off school property at any school-sponsored or school-approved activities or functions including, but not limited to, dances, field trips, and athletic events; during any period of time when students are subject to the authority of school personnel; and at any time when a student’s behavior has a direct and immediate effect on maintaining order and discipline and protecting safety and welfare of students and staff.

The Code is not intended to restrict, in any way, the authority of principals or teachers to make rules, consistent with the Code, as they are authorized by law to make for the operation of their respective schools and classrooms. The classroom teacher has the first level of responsibility in matters of student discipline and most matters should be handled by the teacher at that level. Prevention is always preferred over intervention.

Any student who refuses to comply with reasonable rules, regulations or directives imposed by any principal, teacher, or authorized school employee shall be held in violation of the Code. It shall be the responsibility of the principal, or designee, to investigate fully the cases of students appropriately referred to his or her office for misbehavior and to determine what, if any, disciplinary action is warranted.

The Code uses a system of consequences and “ranges of consequences.” In the event that a principal finds that mitigating or aggravating circumstances justify a different punishment, he or she shall so specify the circumstances in his/her Memorandum of Disciplinary Action (See Appendix C). Repeated violations of the Code of Conduct shall be considered an aggravating factor supporting consequences beyond the recommended measure. With the aforementioned circumstances, the principal is granted the authority to exercise his/her good judgment to apply a greater or lesser consequence than that specified herein.
SUSPENSION AND EXPULSION

While the teacher has the major responsibility for classroom discipline, some disruptive behavior may require the attention of the principal or his/her designee. State law assigns the principal the authority to suspend for 10 days or less, or with prior approval of the Superintendent, for more than 10 days (G.S. 115C-390.1 through 390.12). Special statutory provisions apply in the event that a student enrolled in an exceptional children’s program exhibits behavior which might result in suspension or expulsion (G.S. 115C-112). The Board expects the principal to treat any suspension or expulsion as a very serious matter and in such instances the principal should utilize resources at his/her disposal in an effort to affect another solution. In the event that a student must be suspended or excluded, the Board expects such action will be in full compliance with the provisions of the law and with the administrative policies and/or procedures.

Alternative Setting – Educational services provided by the system or another provider in a setting other than the student’s school assignment.

GENERAL PROVISIONS

All students shall comply with all rules and regulations governing behavior and conduct. Violation of Board or Administrative Policies or Procedures, the Student Code of Conduct of the Guilford County School Administrative Unit, regulations issued by the individual school, rules designed by teachers to govern student behavior, or the North Carolina General Statutes may result in disciplinary action including suspension of the student from the Guilford County School Administrative Unit pursuant to the Due Process Procedures for Administrative Disciplinary Action of the Guilford County School Administrative Unit.

Students shall be informed by local school rules or local school authorities of any infractions not listed in this Code of Conduct that may result in short-term or long-term suspension or expulsion. During the period that a student is suspended, he/she is prohibited from entering the grounds of any school of the Guilford County School Administrative Unit and from attending any school-related functions without express permission of the building principal. Further, a student suspended from riding school-provided transportation should not enter a school bus or contract vehicle for the purpose of being transported from home to school or from school to home during the period of suspension.

Pursuant to North Carolina General Statute 115C-288, law enforcement authorities will be notified if the principal has personal knowledge or actual notice from school personnel that an act has occurred on school property involving assault resulting in serious personal injury, sexual assault, sexual offense, rape, kidnapping, indecent liberties with a minor, assault involving the use of a weapon, possession of a firearm in violation of the law, possession of a weapon in violation of the law, or possession of a controlled substance in violation of the law. School officials shall cooperate at all times with the efforts of law enforcement; however, school disciplinary measures will proceed independently of any criminal or juvenile investigation or prosecution.

Lockers, desks, and other school property remain at all times the property of the Board and shall be subject to search at the discretion of the Superintendent or his designee. Lockers, desks, parking lots, and any other property of the Guilford County Schools may not be used for any unlawful purpose, and any unlawful or disruptive or dangerous material found in or on school premises may be confiscated. School administrators may use specifically trained canines to sniff school and students’ personal property at any time in an effort to detect the suspected presence of prohibited substances. School administrators may use specifically trained canines to sniff school and students’ personal property at any time in an effort to detect the suspected presence of prohibited substances.

IMPLEMENTATION

In order to assure that all Guilford County Schools students and their parents are aware of the Student Code of Conduct and the consequences for its violation and all rights and responsibilities following an allegation of a Code violation, teachers will distribute the Code to all students and verify, in writing, the Code’s distribution and discussion of the Code. Additionally, each student will be required to provide a copy of the Code of Conduct to his or her parent and every student and parent will sign a verification form that they have read and reviewed the Code and understand the expected behavior and consequences resulting from unacceptable behavior. This verification will take place at the beginning of the school year, or, in the case of students enrolling after the beginning of school, at the time of enrollment. Forms for the verifications by teachers, students, and parents are found in Appendix A and B of this document.

PROCEDURE FOR DISCIPLINARY ACTIONS AND APPEALS

IN-SCHOOL SUSPENSION/ISS AND OUT-OF-SCHOOL SUSPENSIONS/OSS FOR 10 DAYS OR LESS

North Carolina General Statute 115C-3905(a) states that “The principal shall have authority to impose short term suspension on a student who wilfully engages in conduct that violates a provision of the Code of Student Conduct authorizing short term suspension.” A disciplinary action of any suspension in-school or a suspension out-of-school for 10 days or less shall be determined by the principal. Parents are encouraged to seek any clarification or explanation of any disciplinary action from the principal within two days of the assignment of the consequences.

OUT-OF-SCHOOL SUSPENSIONS/OSS OF 10 DAYS OR MORE

The following procedure will be utilized when a student is recommended for a long-term suspension by the principal:

1. The principal or designee shall investigate the alleged violation as it relates to the student;
   a) A conference will be held with all parties involved in the situation including parent(s)/guardian(s), if they can be reached within a reasonable time,
   b) The evidence related to the situation will be presented and reviewed during the conference,
   c) If the investigation is complete at the conclusion of the conference, the parent/student will be informed of the long-term recommendation and given appeal information, and
   d) If the investigation is incomplete at the conclusion of the conference,
then the principal will render a decision as soon as the investigation is complete.

2. The principal or designee will prepare and forward the long-term suspension recommendation letter and appeal information by hand delivery to the parent/student within two (2) school days. The letter will include notice of the time, place and date of the long-term suspension hearing before the Hearing Officer, who is the Superintendent’s designee. The principal’s designee must deliver the letter to the parent, guardian or custodian or to the address of record for the student contained in the student’s official school file;

a) It is the goal of the Board that every student will be given a hearing with the Hearing Officer within six (6) school days from the student’s initial date of suspension,

b) The principal’s designee will present to the hearing officer the evidence supporting the recommendation of long-term suspension and the parent/student will have an opportunity to present evidence disputing the recommendation of the principal,

c) The hearing will be recorded and the student will have a right to a copy of the recording if requested at cost,

d) The student has a right to legal representation at the hearing (at the student’s expense) to present evidence, and to examine and present witnesses, including witnesses for the administration, and

e) At the conclusion of the hearing the Hearing Officer, as the Superintendent’s designee, will determine whether the principal’s recommendation for long-term suspension should be upheld. In the alternative, the hearing officer may also consider disciplinary reassignment and a Behavior Modification Contract (BMC).

DISCIPLINARY REASSIGNMENT INSTEAD OF LONG-TERM SUSPENSION WITH A BEHAVIOR MODIFICATION CONTRACT (BMC)

In certain cases, at the discretion of the Hearing Officer, following the hearing regarding the long-term suspension recommendation of the principal, a student who is recommended for long-term suspension may be reassigned to an alternative school for a period of time, with a goal toward re-entry into the regular school community. Students will be placed on a Behavior Modification Contract (BMC). Conditions in the BMC will include disciplinary reassignment to the alternative school, acceptable attendance and appropriate behaviors at the alternative school. Other conditions may also be imposed. In the event that the student and parent consent to the reassignment and BMC and the terms of the BMC are met, the student will be eligible for reassignment back to the home school or another school at the beginning of the grading period following successful completion of the BMC. In the event the student successfully completes the BMC, the student’s record will show the student was reassigned for a period of time and will not reflect a long-term suspension. In the event, however, that the BMC is not successfully completed or attendance at the alternative school is not satisfactory, the long-term suspension shall be reinstated and the student’s record will reflect that the student was long-term suspended or the reassignment to the alternative school may be extended.

APPEAL OF THE SUPERINTENDENT’S DECISION TO THE BOARD OF EDUCATION

The parent/student may appeal the decision of the hearing officer to a panel of the Board of Education. If the parent/student wishes to pursue an appeal to a panel of the Board, the written request must be received by the hearing officer within two (2) school days upon receipt of the written decision of the hearing officer.

A Board panel, composed of not less than three (3) members of the Board of Education, will hear and act upon the Hearing Officer/Superintendent’s recommendation in the name of and on behalf of the Board.

1. The school administration and the parent/student will have the opportunity to present their case(s) to the Panel. The hearing will be recorded.

2. The student is entitled to have legal representation (at the student’s expense), to present evidence, to present and examine witnesses, including witnesses for the administration.

3. The Panel will render a decision in a timely fashion.

4. The parent/student may request a copy of the recording of the proceedings at cost.

MAINTENANCE OF DISCIPLINE RECORDS (EXPUNGEMENT)

1. When notice is given to parents, guardians or students of a suspension of more than ten (10) days or an expulsion, the notice shall inform them that records of such suspensions and expulsions shall be included in the student’s official school record and will give them information as to the procedure for expungement or removal of this information under N.C.G.S. 115C-402.

2. The record shall include the term of the suspension or expulsion, a description of the violation(s) for which the student was suspended or expelled, and any supporting documentation.

3. The student’s parent, legal guardian or custodian or the student, if
the student is age 16 or older or emancipated, may submit a request for removal of records of long-term suspensions or expulsions to the Superintendent or the Superintendent’s designee. The request may be made using the Expungement of Disciplinary Records form. A copy of the form is in the Appendix D of this handbook.

4. The parent, guardian or eligible student may make the request based on the following criteria:
   a) The student has either graduated from high school or has not been expelled or suspended again during the two-year period beginning on the date of the student’s return to school after the suspension or expulsion;
   b) The Superintendent or the Superintendent’s designee determines the record of the long-term suspension or expulsion is no longer needed to maintain safe and orderly schools; and
   c) The Superintendent or the Superintendent’s designee determines the record of the long-term suspension or expulsion is no longer needed to adequately serve the student.

5. The Superintendent or the Superintendent’s designee will review the expungement request and any supporting documentation as well as other appropriate information including, but not limited to, the student’s disciplinary, attendance and academic records.

6. The Superintendent or the Superintendent’s designee shall expunge the record of long-term suspension or expulsion if the above criteria in subsection 4 are met.

7. If the Superintendent or the Superintendent’s designee determines that the record of the long-term suspension or expulsion should not be removed from the student’s record based upon the criteria in subsection 4, the student’s parent or guardian or the eligible student has a right to submit to the Superintendent or the Superintendent’s designee a statement of reasonable length explaining the objections to the suspension or expulsion notice contained in the records. This explanation submitted by the parent/guardian/student shall be placed in the student’s permanent record to be disclosed by the school whenever the contested portion of the cumulative record is disclosed.

8. The Superintendent or his designee will render a written decision to the parent, guardian, or eligible student within seven (7) to ten (10) school days of receiving the request for expungement.

9. The Superintendent or the Superintendent’s designee may expunge any record of a long-term suspension or expulsion provided that all other criteria under subsection 4 outlined above are met even if the eligible student or the student’s parent or guardian does not request that the record be removed.

DISCIPLINARY MEASURES

The Board shall delegate to the Superintendent and his staff the responsibility for establishing and enforcing necessary regulations and procedures not in conflict with state or federal law so as to govern and control the conduct of students. The Board of Education expects school administrators to provide for and maintain an environment suitable for an orderly learning process. These disciplinary measures are consequences of violating the Student Code of Conduct and may include, but are not limited to the following:

- Conference with Parents - Parents are encouraged to set up an appointment with any teacher, counselor or administrator to discuss their student’s progress or problems. School officials may also request such a conference;
- Confiscation - Any student’s property which disrupts the learning environment will be removed from that student’s possession;
- Court Referral - In case of a drug offense, assault or other violations of the North Carolina Statutes, a student may be taken to court;
- Detention - Any teacher or principal may have a student serve detention before or after regular school hours;
- Expulsion - Permanent exclusion from the school system requires the recommendation of the principal and Superintendent and Board action;
- In-School Suspension - A student is excluded from attending regular classes but not from attending school and is required to do assignments developed by his/her regular teachers. Credit is given for this work. A student will not be allowed to participate in any extra-curricular activities during the period of in-school suspension. Principals shall notify parents when a student is assigned to in-school suspension;
- Isolation - Any student may be removed from regular class activities for any portion of a school day as long as he/she is placed under the supervision of an adult;
- Involvement of Law Enforcement Agencies - In cases of violations of North Carolina General Statutes or as provided for by law, law enforcement agencies may be contacted;

- Out-of-School Suspension - A student may be suspended from attendance at school for violations of the Student Code of Conduct;
- Short-term suspension - A suspension for 10 or less consecutive school days;
• Long-term suspension - A suspension for more than 10 consecutive school days;
• 365 Day Suspension - A suspension for 365 consecutive calendar days;

• Referral to the Intervention Support Team (IST) - Students who have been referred to the principal for discipline two or more times may be referred by the teacher to a school-based committee, and the committee may recommend that the principal provide additional advice to the teacher, transfer the student to another classroom, assign the student to an alternative setting, refer the student to the multi-disciplinary committee, or provide other services;
• Removal from School-Provided Transportation - Students exhibiting inappropriate behavior may be prohibited from riding the bus or other school-provided transportation for periods of time specified in the Code’s bus transportation rule or for any period of time up to the remainder of the school year should the misconduct warrant a longer suspension;

• Restitution - The replacement of or payment for property taken, damaged, or destroyed will be required;

The Superintendent will establish a Code of Conduct and Rules for violations of the Code of Conduct that will be contained in a Student Handbook distributed to parents and students at the beginning of each school year. The Superintendent will also propose alternative learning opportunities for students who are disruptive to the learning environment or negatively impact the safety and welfare of students and staff in the regular education setting.

EXPULSION OF A GUILFORD COUNTY STUDENT

The Board of Education, in accordance with State statute, will expel a student only for the most serious and severe behavior. Expulsion is considered a total and final separation from the school district and its services. The Superintendent is directed to establish appropriate procedures which shall include a thorough review by the Superintendent or his designee prior to a recommendation to the Board for expulsion.

I. STANDARD FOR EXPULSION
TWO-TIERED TEST:
A. Did the student commit the act that forms the basis for the recommendation for expulsion?
B. Is the student’s continued presence a clear threat to the safety of other students or and employees sufficient to justify expulsion from all school programs?

II. STRUCTURE OF PROCESS

N.C.G.S. §115C-390.11 provides that a student can be expelled from the Guilford County Schools if the Principal and Superintendent recommend expulsion to the Guilford County Board of Education and the Board finds, based on clear and convincing evidence, that the student’s continued presence in school constitutes a clear threat to the safety of other students or employees. Therefore, the Principal and Superintendent or designee (anytime in this procedure the term Superintendent is used, it is understood to include “or designee”) need to conduct an investigation and hearing to finalize their recommendation to the Board. Then a panel of the Board shall convene and determine whether to expel the student. The procedure for the decision-making process is as follows:

A. Administrative Level
The Principal determines if the conduct warrants recommendation for long-term suspension. The Principal shall:
1. Gather all documentary evidence, including written statements, photos, weapons, police reports, student discipline record for current year and any evidence of long-term suspensions from previous years, etc. and take such information to his/her SSO for a review and discussion;
2. Put the recommendation in writing and forward it to the Superintendent’s designee, with a copy of the recommendation to the parent or guardian, if the SSO and Principal concur that evidence supports expulsion by clear and convincing standards. Upon receipt of the recommendation, the Superintendent’s designee shall set a time, date and place for a hearing and send notice of the hearing to the student and his or her parent or guardian. The notice should include;
   a) The details of the behavior which forms the basis for the principal’s recommendation,
   b) A statement that before expulsion can be invoked, the student has a right to a hearing before the Board of Education or a panel thereof as provided in N.C.G.S. §115C-45(c),

The Superintendent will establish a Code of Conduct and Rules for violations of the Code of Conduct that will be contained in a Student Handbook distributed to parents and students at the beginning of each school year. The Superintendent will also propose alternative learning opportunities for students who are disruptive to the learning environment or negatively impact the safety and welfare of students and staff in the regular education setting.
c) The fact that if the Board of Education upholds the Superintendent’s recommendation, the student will be excluded from school and all related services and activities for an indefinite period of time,
d) A date, time and place for the hearing before the Superintendent’s designee,
e) A statement that the student has the right to be represented at the hearing by legal counsel, provided, however, that if the student intends to be represented, he/she must notify the Superintendent’s designee for the Guilford County Schools system thereof prior to the date set for the hearing, and
f) A summary of the evidence which the Principal has available at the time the notice is sent and which will be introduced at the hearing, a copy of Student Code of Conduct, and a copy of the expulsion procedures.

A form shall be attached to the notice by which the student may waive his right to a hearing before the Superintendent’s designee;

3. The hearing before the Superintendent’s designee shall be scheduled as soon as practical following the receipt of the notice described above. The hearing shall be held prior to the expiration of the 10-day period for short-term suspensions when feasible;
4. The hearing shall be for the purpose of finding the facts as a basis for serious discipline. In those instances where the administration is recommending both long-term suspension and expulsion, the evidence and facts that form the basis of the recommendations can be heard simultaneously; and
5. The Principal shall present the evidence for the administration and the student and/or his parent or guardian shall present the evidence on the student’s behalf. At the conclusion of the hearing, the Superintendent’s designee shall determine whether there is sufficient evidence to recommend expulsion to the Board of Education.

B. Board of Education Level
If the Superintendent’s designee determines that the conduct warrants recommendation for expulsion, he or she should:

1. Determine who will serve on behalf of the administration to present the case to the Board of Education. The Superintendent’s designee has the right in the event that the student is represented by counsel to request that the administration also be represented by counsel;
2. Send notice to the student and his or her parent or guardian, including;
   a) The details of the behavior which forms the basis for the Superintendent’s recommendation,
   b) A statement that before expulsion can be invoked, the student has a right to a hearing before the Board of Education or a panel thereof as provided in N.C.G.S. §115C-45(c),
   c) The fact that if the Board of Education upholds the Superintendent’s recommendation, the student will be excluded from school and all related services and activities for an indefinite period of time,
   d) A date, time and place for the hearing before the Board,
   e) A statement that the student has the right to be represented at the hearing by legal counsel; provided, however, that if the student intends to be represented, he/she must notify the Superintendent for the Guilford County Schools system thereof prior to the date set for the hearing, and
   f) A summary of the evidence which the administration has available at the time notice is sent and which will be introduced at the hearing, a copy of Student Code of Conduct, and a copy of the expulsion procedures.

A form shall be attached to the notice by which the student may waive his/her right to a hearing before the Board;

3. The hearing before the Board shall be scheduled at the next available scheduled hearing date following the receipt of the notice described above. (Typically, the Board hears student matters every two weeks on Thursday afternoons, although the schedule is subject to some variance. Approximately every third hearing date is scheduled at night.);
4. The Superintendent’s designee acts as district representative to prepare and present evidence to the Board supporting expulsion. He/she should be prepared with at least FIVE COPIES (one for each panel member, the student, and the Board attorney), student’s discipline record, criminal record if appropriate, and all documentation supporting expulsion. The Board Panel Chairperson’s copy will be considered the file copy;
5. The Board Panel shall;
   a) Consist of at least three members,
   b) Record the hearing and keep a permanent file of all proceedings and all written documentation reviewed at the hearing,
   c) Consider the student’s age and maturity when determining its findings relative to the guidelines for expulsion,
   d) As Trier of fact, make findings based on the standard of CLEAR AND CONVINCING EVIDENCE as follows:
      i. Did the conduct at issue occur?
      ii. Is the conduct, considered with other pertinent data, evidence that the student is a threat to the safety of others in the regular education program?
iii. Is there an alternative placement within the school system or in the community?

iv. Should the student be removed from enrollment in Guilford County Schools?

e) Send written notice by certified mail of its decision regarding expulsion. The letter should contain a thorough description of expulsion, describe the findings of the Board Panel in summary fashion, forbid the student from entering the property of Guilford County Schools without written authorization from the building supervisor, and described the findings of the Board Panel in summary fashion, and

f) Maintain records of expulsion hearings at least until the student reaches age twenty-one (21).

WAIVING THE RIGHT TO A HEARING IN EXPULSION
A student may waive his right to a hearing in an expulsion at the administrative level and/or at the Board level; provided, however, that the student’s parents and/or his legal counsel, if any, must acquiesce to such waiver. The waiver may be effected by the student, his parents and/or his legal counsel, if any, affixing their signatures to the waiver form sent to the student with the notice described in Section B2 hereinabove and returning such form to the offices of the Guilford County School System, 712 N. Eugene Street, P. O. Box 880, Greensboro, North Carolina 27402, prior to the date set for the hearing.

CLOSED HEARING
The hearings before the Administration and Board Panel are considered confidential student matters and can be attended only by the panel of the Board of Education, the Superintendent and/or the Superintendent’s designee, the Principal and other administrative staff who were involved in the student’s matter, the Guilford County Schools Board of Education’s attorney, the student, the student’s parents, and/or the student’s legal counsel, if any. Others who will testify should be present only when they are giving information to the Board Panel. The student may be excluded at the discretion of the Board Panel with the concurrence of the student’s parents.

RECORD OF THE HEARING
The Administration and Board Panel shall provide for the recording of any information orally presented to it at a hearing. The record of the hearing, statements and other written matter presented shall be kept on file by the Superintendent of Guilford County Schools until such time as the student reaches the age of twenty-one (21).

PRESENTATION OF CASE
Rules of evidence shall not apply to a hearing conducted under this policy, and the Board Panel may give probative effect to evidence that is the kind commonly relied on by reasonably prudent persons in the conduct of serious affairs.

All records, statements and evidence submitted to the Board Panel shall be confidential, and shall not be released except to reviewing authorities upon appeal.

USE OF WITNESSES
The hearing before the Board Panel shall consist of the oral examination, under oath, of witnesses presented to the Board Panel by a representative of the administration and the student, his/her parents or legal counsel, as well as a review of school records and other documentary evidence.

EXAMINATION OF WITNESSES
Members of the Board Panel, the designee for the administration, the student, his/her parents or legal counsel, if any, may question witnesses about any matters relevant to the charge against the student and the proper disposition of the matter.

ROLE OF THE PARENTS
The parents of the student may be present at the hearing and shall have an opportunity to make a statement to the Board Panel and to answer questions, as well as advise the student during the hearing.

ADULT REPRESENTATION IN ADDITION TO PARENTS
If the parents cannot be present or if the student or his/her parents think his/her interests can better be protected by the presence at the hearing of another adult in addition to or in place of the parents or guardian, such an adult may act as a representative in the defense of the student, with the right to present the student’s case.

COMPELLING THE APPEARANCE OF WITNESSES IN EXPULSION
If the Superintendent or the Superintendent’s designee determines that the testimony of a witness is necessary for a proper investigation of the misconduct and if the witness refuses to attend the hearing after being requested to do so, he or she shall request the Guilford County Board of Education to use the subpoena power granted to it by the NORTH CAROLINA GENERAL STATUTE N.C.G.S. §115C-45 to compel his/her attendance.

The Guilford County Board of Education may also exercise the powers of contempt granted by the foregoing law if necessary in the opinion of a majority of the Board Panel.

DISPOSITION IN EXPULSION
The student and his/her parents shall be notified in writing by the Chairman of the Board of Education of the Board Panel’s disciplinary decision within a reasonable period of time.
APPEAL IN EXPULSION
The student is entitled to judicial review of any decision made by the Guilford County Board of Education adverse to him/her pursuant to NORTH CAROLINA GENERAL STATUTE §115C-45(c)(1) and/or as otherwise allowed by law.

OTHER IMPORTANT INFORMATION

STUDENT INSURANCE

The Guilford County Board of Education offers voluntary student accident insurance to each student each year. All enrollment information can be found on the GCS website. Several options are offered and a student may enroll throughout the school year. Enrollment forms can be requested from the schools for parents/guardians who do not have access for on-line enrollment. Parents are encouraged to review the voluntary accident insurance plans each year.

Athletic accident insurance is provided at no cost to students or parents for each student participating on a school-sponsored team. This coverage is only effective when participating in practice, an event, or traveling directly to and from an event. No accident coverage is provided for any accident outside the school-sponsored team. Physical education classes and recess are not covered.

DROPOUT PREVENTION/DRIVER’S LICENSE LEGISLATION

North Carolina has legislation reflecting a coordinated statewide effort to motivate and encourage students to complete their high school education. The law requires the revocation of the student’s driving permit or license if the student does not maintain adequate academic progress or drops out of school. Adequate academic progress is defined as passing 70% of your subjects each semester. This would normally be five (5) subjects under a traditional schedule (6 or 7 period day) or 3 out of 4 classes in a block schedule school. The law became effective August 1, 1998. This law applies to all North Carolina students under the age of 18 who are eligible for a driving permit or license.

The legislation requires a student to present a Driving Eligibility Certificate, issued by the school and good for 30 days only, to the Department of Motor Vehicles to obtain a permit or license. In addition, students must also present a birth certificate, social security card and Driver Education Completion Certificate.

The Driving Eligibility Certificate will only be issued to students making adequate academic progress. Students who do not meet the academic progress requirements will be reported to the Department of Motor Vehicles and their permit or license will be revoked. There is a provision for a request for a review of the student’s situation based on hardship considerations. Students may regain academic eligibility at the end of each semester.

LOSE CONTROL, LOSE YOUR LICENSE LEGISLATION

Effective July 1, 2000 students given an expulsion/suspension for more than 10 consecutive days for one of the three reasons listed below are subject to having their permit/license suspended for up to one calendar year.

- The possession or sale of an alcoholic beverage or an illegal controlled substance on school property.
- The possession or use on school property of a weapon or firearm that resulted in disciplinary action under G.S. 115C-391(d1) or that could have resulted in that disciplinary action if the conduct had occurred in a public school.
- The physical assault on a teacher or other personnel on school property.

Students who are at least 14 years old or who are rising eighth graders are subject to this law. This law applies to all students, even to those exempted under Dropout Prevention/Driver’s License Legislation. Unlike the Dropout Prevention/Driver’s License Legislation law that ends when a student turns 18 years old, the “Lose Control” law does not stop at age 18 nor does it stop when the student graduates.

Students who lose their permit/license under this legislation may be eligible to regain the permit/license after a six-month period by displaying exemplary behavior in an alternative educational setting or having successfully completed a school district approved drug or alcohol treatment counseling program.

GRADES K - 5

Teachers will read this agreement to their class. Students must accept this Agreement digitally before they can log on to a GCS computer that is connected to the Internet through the GCS Network.

I understand that my school has computers and the internet, so I can learn more about what I am studying in my classroom. If I do not follow the rules and the directions of my teacher when using the Internet, I may not be allowed to use the Internet at school. Not following these rules may also mean I have broken the rules in the GCS Code of Student Conduct. I could be disciplined or be suspended from school for not following the rules and the directions of my teacher.
