Projected Experimentation Dates: Start Date _____ Expected End Date _____

Where will Experimentation Take Place? School Home Other (please specify below) _____

Is Project a Continuation Project Yes No

Teacher's Name: _____ Teacher's Email: _____

School Name: _____

School City: _____ County: _____

Student Acknowledgment: I understand the risks and possible dangers of my research project. This project is only the result of my or my team's effort(s).

Student's Printed Name

Student's Signature

Date Signed

Parent/Guardian Approval: I have read and understand the risks and possible dangers involved in my child's science project. I consent to my child participating in this research before it is carried out. If experimentation occurs at home, I will supervise my child.

Parent/Guardian's Printed Name

Parent/Guardian's Signature

Date Signed

Adult Sponsor Certification: I certify that: (1) I have reviewed the research plan with the student(s) prior to experimentation including all risks and safety precautions, and (2) the student(s) will be properly supervised during all experimentation. I agree to sponsor the student(s) named above, assume responsibility for compliance with all NCSEF rules and the Elementary EZ Guidelines. If the NCSEF and Elementary EZ guidelines were not followed, I will explain to the student(s) why they cannot attend the NCSEF.

Adult Sponsor's Printed Name

Adult Sponsor's Signature

Date Project Reviewed

Adult Sponsor Email Address: _____ Adult Sponsor Phone #: _____

Please confirm by checking here that you have submitted a Research Plan.

A Research Plan should be written in future tense and include your research question or problem statement, detailed project procedures, including safety assessments, and a list of background references. This is **NOT** a research report. Only one set of project procedures is needed for team projects.
