We will decide where we are going at our next meeting **Wednesday, November 10, 2021.** Members, please remember this meeting is mandatory as our Regional competition is being held **Saturday November 13th.**

## Health Professionals Week

Health Professions Week (HPW2021) is a week-long event with activities to give you meaningful insight into what the path to a profession will look like from where you are starting.

- Not sure how to really research a profession that is new to you? HPW can help with that!
- Not sure what to major in or know you are interested in the health professions but have no idea which one might be the best fit?

- HPW has something to help you with that decision, too.
- There are many events during HPW – so you can choose what content matters to you.
- HPW is on-demand, so come back later when you have new questions.
- HPW will be here to continue to bring you new ideas, new professions, and new paths to a meaningful career.
