You may have them play rhythm sticks on the steady beat to any of the songs or the first two rhythm play-alongs listed above if you would like to do so. It is totally up to you and depending on how the student's behavior is.

8. YT: Brain Break: <https://www.youtube.com/watch?v=mDR0vBC3eE0>
"Roblox PE Fun Virtual Workout."

9. You may review the material covered today if time allows, but no worries if you don't get this far. * Keep Reading for Grades 3rd-5th Below:

3rd-5th Grades:

Students have been told to bring their devices. They are to go to QuaverMusic.com. Click on Music Shop, then select Quaver Games. They may choose any music game they wish to play, or they may go to Chrome Music Lab.com and work on creating music there. They may also try Classics for Kids, another music site which should be available on their devices.

Thank you for subbing for me today!!
