## Mission

Provide relevant, rigorous, and engaging instruction as we develop positive relationships with students, such that students are prepared to cope with life's challenges and ensure that each and every one of our diverse students graduate in four or five years with an Associate's Degree or some college credit and are prepared to be resilient, productive global citizens.

## Vision

Provide an educational environment where all students can and will be successful. We will nurture positive relationships with all members of our educational family. Our students, staff members, parents, college staff colleagues, and all other members of this educational community will all work together in order to provide relevant and rigorous/challenging educational experiences for all students within a safe environment.

The Middle College at GTCC-Jamestown is a high school specifically for students in grades 9-13 who have the ability to do honors or higher-level academic work when provided with a supportive environment and small classroom setting. We serve first-generation college students, underrepresented populations and students who may need a non-traditional environment. As one of the first high schools in North Carolina to become a New Schools innovative high school (2005), The Middle College at GTCC Jamestown is a pioneer.

## What We Offer

- The opportunity to take college classes and graduate with up to an associate degree or two years of transferable credit.
- Non-traditional hours (11 a.m. to 5:15 p.m.)
- Emphasis on career exploration to ensure that students experience relevance in their academic program
- A smaller, caring environment with highly qualified teachers
- A diverse, welcoming school that mirrors the demographics of Guilford County
- A college campus setting
- Motivated and responsible students

## Points of Pride

- Students are encouraged and supported to work toward a college transfer degree or a highly skilled technical degree/certification.
- Teachers are trained and utilize innovative teaching strategies proven as best practices
- Approximately 90 percent of our students taking college courses usually earn at least a C grade, with about half of those earning an A
- More than 50 percent of 2022 graduates earned college degrees/credentials along with their high school diplomas with a 100 percent graduation rate
- One of the first two middle colleges in Guilford County (started in 2001), and one of the first in the state of North Carolina

## Students in the Program

- Students will work with school staff to develop their own personal plan for success.
- Students will have the opportunity to apply for a 5th, scholarship, year to work toward completing a GTCC college credential upon graduation from the program.
- Transition to adulthood using skills and strategies learned at the Middle College at GTCC-Jamestown to help them be happy, successful and productive citizens.
