Mission

Teachers, administrators, support staff and parents to work together in developing each student's potential so that every child will be prepared to enter an institution of higher learning or the workforce and to become a productive member of the global community as well as a life-long learner. We strive to expect and demonstrate excellence every day.

Vision

Equip students with the tools they need for academic, personal and social achievement throughout our 114 year history. We strive to enable every student to reach their highest potential by establishing a curriculum that meets or exceeds government standards for education; providing programs that develop young adults' mental, physical and social skills; and partnering with parents and the community to create an environment geared to the success of all students.

The class of 2023 will be our 27th IB Diploma cohort at Grimsley High School. Throughout our program, we have embraced the IB Mission Statement "to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect....to encourage students across the world to become active, compassionate and lifelong learners who understand that other people, with their differences, can also be right."
