Mission

Focus on high expectations and implementing best instructional practices while emphasizing the importance of meaningful relationships to maximize each individual student's learning potential.

Vision

Provide students a high-quality education in a safe, academically innovative, and engaging space that prepares them to be leaders in their global communities.

High Point Central High is a designated IB World School offering the Diploma Programme in a stunning, historical building in the heart of High Point. Since our main building's completion in 1927, generations of students have distinguished themselves here. Today, we hold the IB Learner Profile at the center of our International Baccalaureate curriculum, developing leaders who excel in the classroom and in their communities. We strive every day to equip students to master their chosen fields of work and study, to be engaged in the world at large, and to respect themselves and others.

What We Offer

- Access to the complete IB Diploma Programme, and its student-centered, high-rigor curriculum
- IB-trained instructors who are highly qualified, experienced, and motivated
- Emphasis on life-long skills: writing, research, and analysis
- Diverse, gifted, and motivated classmates for collaboration and community
- Challenging pre-IB course tracks, including access to a long list of AP courses
- A rewarding and challenging combination of university-level studies in a traditional high school setting and experience

Points of Pride

- Authorization as an IB World School since 1996
- More than 1,800 IB students
- Admissions to Duke, UNC-Chapel Hill, NC State, Ohio State, University of Virginia, Davidson, the US Naval Academy, and more
- Prestigious scholarships including The Trinity Scholarship (full ride to Duke), The Morehead-Cain Scholarship (UNC-Chapel Hill's flagship scholarship), the Park Scholarship (NC State's premier merit award)
- Service projects such as food drives, campus beautification, 5K fundraisers, peer tutoring, Breakfast Buddy mentoring
- Graduates travel the globe, pursue advanced degrees, become local leaders, doctors, lawyers, academicians, musicians, artists, and successful business people

Students in the Program

- Are challenged to develop skills and abilities across a broad scope of domains, and to ultimately take responsibility for their own learning
- Are prepared to excel academically, and as leaders at university and beyond
- Are empowered to engage in learning and serving their communities throughout their lives
