

# AP IB English Approved Books

Literary texts studied in the high school classroom are complex. A parent or guardian may request an alternate assignment for his/her child if the selected supplementary resource is determined personally offensive or too mature to the student. In order to exercise this option, the parent/guardian should contact the teacher and discuss the objections to the selected resource. After conversing with the teacher, the parent may opt to allow his/her child to read or view the selection or the parent may choose to submit a written request for his/her student to be given an alternative assignment. (Note: Alternative assignments will require independent work due to the inability to have class discussions and collaborative assignments with peers.)
