Due to the school closure as a result of the COVID-19 pandemic, please note some differences in transcripts produced in the 2019-2020 school year. A numeric grade is shown for students with grades 80 and above. A Pass (PC19) is shown for students who had a numeric grade of 60-79. Withdraw (WC19) is shown for students who had a numeric grade below 60.

Courses that were scheduled for the entire 2019-2020 school year will appear twice on transcripts. Each entry on the transcript awards half of that course's credit. For the first half of the year-long course, students' grades from the first semester in the year-long course are being counted for half of that course's total credit. Therefore, the total number of GPA points that can be earned is reduced by half. For the second half of the year-long course, students earned a PC19, WC19, or a numerical grade.
