

PowerSchool Parent Portal App

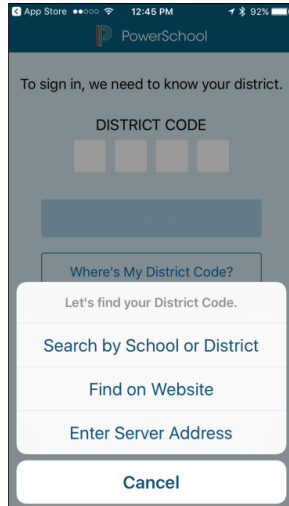

PowerSchool Parent Portal App has been updated; therefore, following are instructions on how to access the newest version of the PowerSchool Parent Portal App. One must follow each step provided in order to be successful accessing PowerSchool Parent Portal.

- Download the app (PowerSchool on your mobile device)
- If you already have the app on the device, remove it and then download it again (this step will give you the latest version)

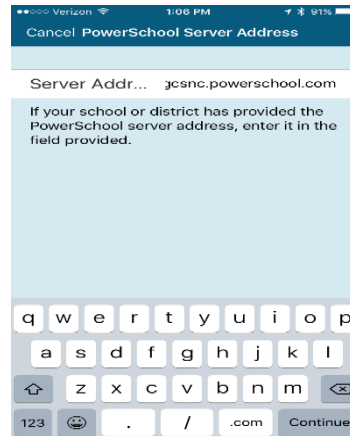

Step 1: Click
"Where is my District Code?"

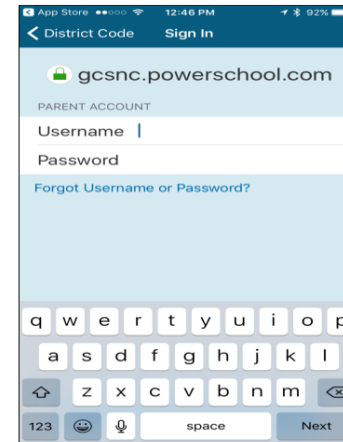

Step 2: Click
"Enter Server Address"

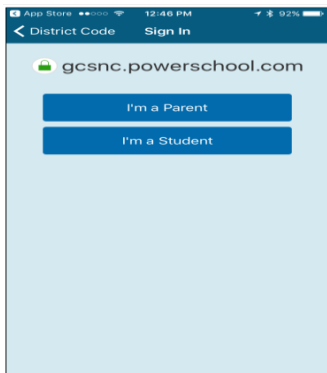

Step 3: Enter the PowerSchool server address: gcsnc.powerschool.com
Click "Continue"

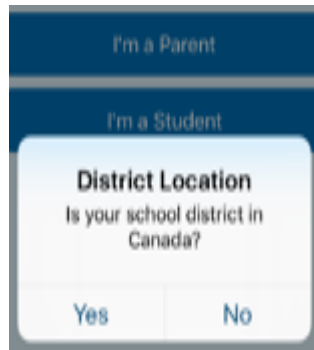

Step 4: Enter your parent portal Username and Password

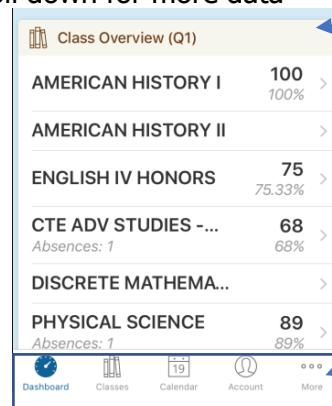

Step 5: Choose
"I'm a Parent"

Step 6: Is your district in Canada? - Choose "No"

Step 7: Class Overview appears
Scroll down for more data

If parents have more than one (1) child with GCS, click the pull-down arrow in the upper right-hand corner, click the child's name. Data for that child will appear.

Choose one of the icons in this area to access a different screen

Parents can also download the GCS App – which allows parents to access the PowerSchool Parent Portal and other resources.
