## A Peek at the Week

**Math**—We are reviewing adding and subtraction within 1000 to prepare for third grade math. We also will have the End of Year Math Assessment.

**CKLA Listening and Learning**--We are starting the domain Fighting for a Cause. This domain focuses on how different groups of people advocated to protect their freedoms and rights, and change laws to ensure fairness and equity to support all citizens in North Carolina

**CKLA Skills**—We are continuing Skills 6 this week. We will not have any more spelling words. The rest of Skills 6 review the phonics skills from the previous units.

## Important Updates!

### Volunteer Registration

If you plan on attending field trips with your child or volunteering to help out on Field Day, you must fill out the volunteer registration EVERY YEAR. It takes several days for the registration to be approved, so complete it as soon as possible.
