

4th Grade News

Week of
October 18-22

A Peek at the Week

Math: We will be learning how to multiply three digit numbers by one-digit numbers applying the standard algorithm. Students should know basic multiplication facts from 3rd grade! please make sure you review these with your child.

CKLA Skills: This week, we will complete Unit 2 Part 1 on the Middle Ages. There will be several assessments that students will need to complete in class. It is critical that students are in class to complete these. A spelling quiz will be on Friday.

Homework:

Monday = Read 30 minutes; Choose Activity off Spelling Menu; Math Mod 3 Lesson 8

Tuesday = Read 30 minutes; Choose Activity off Spelling Menu

Wednesday = Read 30 minutes; Choose Activity off Spelling Menu; Math Mod 3 Lesson 10

Thursday = Read 30 minutes; Choose Activity off Spelling Menu, Study for quiz

Important Updates

Missing work will be marked as a 0 in the gradebook. Students are expected to complete work, when they miss school, at home. We do not have time to complete make up work in class.

Your child should be reading every day and taking AR quizzes at home or school. We are tracking AR points. We are close to our 1,000 books read on Epic. We will celebrate when we get to 1,000! :)

Important Dates

Oct 21 Cogat

Parent Tips **Oct. 25 and 26-Teacher Workdays**

- Reading: **Take a practice spelling quiz on Thursday night. Focus on the prefixes with each word. Underline each prefix.**
- **Support Homework Expectations:** Check your child's planner each night and homework folder to see what your child needs to work on.
- **Teach Organizational Skills:** Talk to your child about keeping his or her school desk orderly so papers that need to come home don't get lost.
- **Math:** Discuss with your child the different methods for solving multiplication expressions. Ask her to explain which one she likes best and why. This will help you to understand her math thinking and help her to verbalize her thoughts.
