

DELAYED SCORES

May 31, 2023

Dear Southern High families:

Guilford County Schools wants to make sure all of our students are receiving the best education possible. To evaluate this, most students take exams at the end of the academic year or after each semester.

All high school students enrolled in yearlong-schedule and spring block-schedule Math 1, Math 3, English II and Biology will take the End-of-Course (EOC) exams.

All districts in North Carolina rely on the state to score English II EOC exams. While scoring multiple-choice exams can be done quickly, the English II EOC exam includes written answers. These items must be sent to the state for scoring. For this reason, these exams take longer to score. We will not receive exam data from the state for the English II EOC exam for 7 - 8 days after they are submitted.

Since the scores might not be available until after we send report cards home, students might receive an “Incomplete” in this course. As soon as we receive the scores and grade conversions from the state, we will immediately calculate final grades and send out a second report card. This delay is not unique to GCS; every student in North Carolina who is taking English II is impacted.

We appreciate your understanding as we work with the state to get these scores as soon as we can.

Please call us at 336-674-4250 if you have any questions and/or concerns.

Sincerely,

Brian Muller, Principal
Southern Guilford High
