

Science Fair 2024- 2025

RULES:

*Please do not place any photos or names of the student on the board. (Student name and teacher name and grade level may be written on the back only.)

The steps of the project are:

- Problem/Question (What is my experiment? What am I questioning or testing?)
- Hypothesis (What is my prediction or my best guess of the result of the experiment?)
- Materials (What do I need to use in my experiment?)
- Procedure (What are the steps to this experiment?)
- Observations (What have I observed?)
- Photos/Graphs (Did I take any photos of the experiment? Did I make any graphs to display data?)
- Results (What happened in the experiment? What were the results?)
- Conclusion/Discussion (What did I learn? Was my hypothesis correct?)

Projects due - **Nov. 18th**

Families and classes view projects - **Nov. 19th - 20th**
