

Welcome to my class! I am looking forward to a productive and successful semester together. A good line of communication is essential in making the class as meaningful as possible. As we work together, I am sure we can succeed in fulfilling the high expectations I have set for you as well as myself.

Let's work together to make this a great semester. You can only get out of it what you put into it!

Classroom Norms

1. All RHS and GCS rules are always in effect.
2. Be on time. GET IN AND GET STARTED!
3. Be an active participant. You are responsible for your learning!!
4. Check Canvas Daily!
5. Be respectful of self, peers, adults, and property.
6. EVERYONE IS CAPABLE! EFFORT IS NOT OPTIONAL!!
7. Silence all electronic devices and keep them out of sight.

No student will be allowed to infringe upon the personal or academic rights of another student. Each student is responsible for exercising self-control and discipline in the classroom. Good manners are expected at all times!

GRADING – Each assignment and assessment will be graded with a point value. Your quarter grade will be determined by the following formula :

Tests: 40%
Quizzes: 20%
Assignments: 35%
Skill Builder: 5%

The final grade for the class will be calculated as follows:

First Quarter	40%
Second Quarter	40%
EOC	20%

TESTS: We will have a test at the end of every chapter that will be cumulative. Problems will be similar to the ones you do in class and at home. There will be a mixture of short answer and multiple-choice. Partial credit will be awarded where applicable.

QUIZZES: You should expect at least one quiz a week. Quizzes are to be completed during class! Quizzes may have short answer, multiple-choice or true/false questions. Partial credit will be awarded where applicable.

HOMEWORK: You will have a homework assignment every week. Homework will be completed on DeltaMath. Sometimes you will have a chance to start on it in class and other days you may not. Homework will be graded based on the percentage shown on DeltaMath.

Successful students take homework seriously. Homework is a learning opportunity. Not doing homework or doing it after the due date is a warning signal that you are getting behind

- DeltaMath assignments are available starting at 8am on Monday and are due the following Monday at 8am unless otherwise stated.

COOPERATIVE LEARNING (partners, groups) – You will work daily with partners and groups. You are expected to actively participate in every activity with partners/groups. You are responsible for your contributions to discussion and work. As a group you are expected to make sure everyone learns material. Unless you are taking an assessment or instructed not to, you should always try to ask and answer questions in your group before asking Mrs. Johnson

REQUIRED MATERIALS:

- OUR Workbooks (provided by school)
- Folder (provided by school)
- Pencils
- Highlighter

CONTACTS – Email is the best method to contact me. Mrs. Johnson's email is johnsoe@gcsnc.com. Call or test Google Voice number (336) 422 – 6407. The school's phone number is 454-7400.

We are better as a TEAM!
