Tell us about your good news stories, whether they are about your school, department, employees, students or special events.

Share your good news by sending an email to goodnews@gcsnc.com at least two weeks prior to any event. That ensures the entire District Relations staff sees your information. Please include the who, what, where and when – as well as WHY this story is special. What will we see? How is this different? Who is involved?

HERE ARE FOUR WAYS WE COULD SHARE YOUR STORY:

1. News tips
We read all these submissions carefully and select the best when we send our weekly news tips to local newspapers, TV stations and radio stations. Your story could also be highlighted on the GCS website, on GCSTV or on our Facebook and Twitter pages.

2. News briefs
District Relations works with Superintendent Maurice “Mo” Green to compile the weekly GCS News Briefs. The newsletter goes out to the entire district every Friday and includes highlights of school events, district updates, employee news and more.

3. GCSTV
GCSTV is a 24-hour television station available on Time Warner Cable, channel 74.1. Filled with compelling news stories and educational programming, GCSTV reaches a diverse community audience.

4. Social media
The GCS Facebook page has more than 14,000 "likes," and we have nearly 19,000 Twitter followers. Most of our GCSTV stories are also posted on YouTube, where more than 150,000 people have watched them!

REMEMBER: SEND YOUR GOOD NEWS TO GOODNEWS@GCSNC.COM
