A Registration Update was provided in which all course requests are now entered. Once course tallies are cleaned up and verified, department chairs will receive course tallies the week of April 8 so they can draft their department matrix.

The committee that was tasked with classroom re-numbering reported that classroom counting had been completed and a school map was received from downtown but as of yet, there are no quotes to help us know the cost of this project.

Dr. Cox opened it up to the team to discuss incentives for students who are on time to class. Ideas suggested included a cookout, breakfast (student rep pick), coffee. Dabbs does currently enter 1st block tardies but teachers may not be able to see it immediately as she may not get to it until later in the day.

Currie shared a recommendation from the English department to create a summer reading program that included incentives. SLT representatives were asked to speak with their departments and report back at the May meeting with feedback and other ideas.

Rich requested that Senior privileges be reinstated such as releasing to lunch 2 minutes early and designated space for seniors in the cafeteria. SLT will discuss this again at the May meeting.

Parent and Student Questions / Announcements

Parents asked that the school help communicate that the SAT is now fully digital requiring students to take their school issued ChromeBook to Saturday test sites. Albright will prepare this announcement to go out in the weekly ConnectEd families receive.

The meeting adjourned at **8:52am**.

The next meeting is May 7 at 8:15am in room 111.
