

Successful Schools and a Successful Community Go Hand in Hand

COMMUNITY SUPPORT DRIVES A WELL-ROUNDED EDUCATION.

Providing a world-class education benefits GCS students and families and our community as a whole. In turn, our community contributes their time, financial support and organizational expertise to provide richer education experiences for our students.

Parent, family and community involvement in local education leads to higher academic performance, school improvements, better attendance and helps curb dropout rates. When our students graduate and move on to successful careers in Guilford County, our community sees greater investment, economic growth and decreases in crime and healthcare concerns.

Community partnerships with local businesses, non-profits and faith groups provide unique opportunities that help students Soar to Greatness.

Non-profit partners:

Service-learning opportunities;
scholarships, food distributions;
